* All state providers included in the "It's Your Choice 2008" orange book you received must provide all the services included under the uniform benefits section D1-39. Differences in optional benefits will be outlined on the pages indicated under each plan name in the chart above.

**Unity is owned by UW Health which includes University of Wisconsin Hospital and Clinics. We have enclosed a new member packet for your review during your decision-making.

If you want your health care provided by your UW Health colleagues and to go to UW Hospital, Unity would be the best choice for you. Physician's Plus also includes many UW Health physicians but primarily uses Meriter Hospital. GHC uses UW Health physicians for most specialty care and UW Hospital. If you would prefer to have your health care provided outside UW Health, Dean would be your best choice. There are far fewer residents rotating at Dean and St. Mary's Hospital.
