UW HEALTH JOB DESCRIPTION

Outpatient Clinical Documentation Specialist Nurse							
Job Code: 300131	FLSA Status:	Exempt	Mgt	. Approval: M. Dagenais	Date: March 2020		
Department: Coding & CDI			HR	Approval: J. Theisen	Date: March 2020		
IOD CHMMADY							

The Outpatient Clinical Documentation Specialist Nurse (OPCDS -RN) working under the direction of the Supervisor, is an advisor to ambulatory clinicians regarding complete and accurate outpatient documentation, specificity surrounding Hierarchical Condition Categories (HCCs) through concurrent, prospective, and retrospective evaluation and assimilation of the objective and subjective data documented within the medical record. The outcome will be documentation that accurately and completely captures the clinical picture, severity of illness, and complexity of the patient while providing specific and complete information to be utilized in coding, profiling, and, outcomes of the reporting for both the facility and the physicians. The OPCDS utilizes knowledge of official coding guidelines (ICD-10 and CPT), Hierarchical Condition Categories (HCC), and AHIMA/ACDIS physician query brief. The Specialist functions as an expert source for information regarding the impact of documentation on patient care, quality metrics, Hierarchical Condition Categories (HCCs), and correct reimbursement. The incumbent functions as a liaison between ambulatory clinicians and outpatient coders with the goal of creating mutual understanding of the many uses of medical record documentation.

MAJOR RESPONSIBILITIES

- Review documentation available in the Medical Record to facilitate workflows that support the clinical picture/severity of illness/complexity of the patient care rendered to patients.
- Utilize available encoder, grouper software, and other coding resources to determine the appropriate ICD-10-CM, CPT, and/or HCPCS.
- Uses clinical knowledge to identify potential clarifications of the record.
- Concurrently, prospectively & retrospectively reviews medical records to identify unclear, ambiguous or inconsistent documentation by initiating documentation clarifications in the EMR for conflicting diagnosis, further specificity in diagnosis/procedure codes and ensuring completeness of the medical record.
- Collaborates with nursing or coding staff on retrospective medical record review for severity, accuracy and quality issues.
- Ensure documentation in the medical record follows the official coding guidelines, internal guidelines and AHIMA/ACDIS physician query brief.
- Créate and analyze reports for documentation improvement trending and high-level dashboards for ongoing monitoring and opportunities.
- Provide ongoing feedback to physicians and other providers regarding coding guidelines and requirements. Assist with
 educational in-services for physicians, other providers, and clinic staff relating to clinical documentation compliance as
 well as new policies and procedures related to billing.

ALL DUTIES AND REQUIREMENTS MUST BE PERFORMED CONSISTENT WITH THE UW HEALTH PERFORMANCE STANDARDS.
