Administrative (Non-Clinical) Policy

This administrative policy applies to the operations and staff of the University of Wisconsin Hospitals and Clinics Authority (UWHCA) as integrated effective July 1, 2015, including the legacy operations and staff of University of Wisconsin Hospital and Clinics (UWHC) and University of Wisconsin Medical Foundation (UWMF).

Policy Title: Financial Assistance Policy
Policy Number: 2.16
Effective Date: July 1, 2016
Chapter: Fiscal Affairs
Version: Revision

I. PURPOSE

Consistent with our mission to advance health without compromise through Service, Scholarship, Science, and Social Responsibility, UW Health is committed to providing financial assistance to uninsured and underinsured individuals who are in need of emergency or medically necessary treatment and have a household income up to 500% of the Federal Poverty Guidelines (FPG). The eligibility criteria for financial assistance and the procedures for receiving financial assistance outlined in this policy set forth the parameters for UW Health’s Community Care program, and will ensure that UW Health has the financial resources necessary to meet its commitment to providing care to the greatest number of patients with the greatest financial need in its Dane County community and surrounding areas. In addition, this policy establishes a fair and consistent method for the review and completion of requests for Community Care for UW Health’s patient population.

In accordance with the Affordable Care Act (ACA), any patient eligible for financial assistance under UW Health’s Community Care program will not be charged more for emergency or medically necessary care than the amount generally billed (AGB) to insured patients. In addition, the Community Care program ensures that the University of Wisconsin Hospitals and Clinics Authority, a component of UW Health, will meet its statutory obligation to provide comprehensive, high-quality health care to the medically indigent.

II. DEFINITIONS

The following terms are meant to be interpreted as follows within this policy:

A. Amount Generally Billed (AGB): The amounts generally billed to insured patients for emergency or other medically necessary care, determined as described in Appendix A of this policy.

B. Community Care: UW Health’s internal name for its Financial Assistance Program. The Community Care program is not a form of health insurance and cannot be used to subsidize premiums.

C. Emergency Care: Immediate care provided by a hospital facility for emergency medical conditions that is necessary to prevent putting a patient’s health in serious jeopardy, serious impairment to bodily functions, and/or serious dysfunction of any organs or body parts. Emergency Care is deemed to be medically necessary.

D. Gross Charges: The full, established price for medical care that UW Health consistently and uniformly charges patients before applying any discounts, contractual allowances, or deductions.
E. **Medically Necessary:** Those services required to identify or treat an illness or injury that is either diagnosed or reasonably suspected to be necessary, taking into account the most appropriate level of care. Depending on a patient’s medical condition, the most appropriate setting for the provision of care may be a home, a physician’s office, an outpatient facility, or a long-term care, rehabilitation or hospital bed. In order to be medically necessary, a service must:

1. Be required to treat an illness or injury;
2. Be consistent with the diagnosis and treatment of the patient’s conditions;
3. Be in accordance with the standards of good medical practice; and
4. Be that level of care most appropriate for the patient as determined by the patient’s medical condition and not the patient’s financial or family situation.

The term “medically necessary” does not include services provided for the convenience of the patient or the patient’s physician, or elective health care. For purposes of this policy, UW Health reserves the right to determine, on a case-by-case basis, whether the care and services meet the definition and standard of “medically necessary” for the purpose of eligibility for financial assistance.

F. **Presumptive Eligibility Determination:** The process by which UW Health may use previous eligibility determinations and/or information from sources other than the individual to determine eligibility for financial assistance under this policy.

G. **Eligibility Area:** Includes UW Health’s primary service community, Dane County, as well as some zip codes within Columbia, Green, Iowa, Jefferson, Lafayette and Rock counties. UW Health will provide documentation of its Eligibility Area upon request.

H. **Underinsured:** Insured patients whose out-of-pocket medical costs exceed their ability to pay.

I. **Uninsured:** Patients with no insurance or third-party assistance to help resolve their financial liability to healthcare providers for a particular service.

J. **Urgent Care:** Medically necessary care to treat medical conditions that are not immediately life-threatening, but could result in the onset of illness or injury, disability, death, or serious impairment or dysfunction if not treated within 12–24 hours.

K. **UW Health:** UW Health is comprised of three separate entities: the University of Wisconsin Hospitals and Clinics Authority, the University of Wisconsin Medical Foundation, Inc., and the University of Wisconsin School of Medicine and Public Health. Each of these three entities is responsible for enforcement of this policy with its employees and agents.

### III. POLICY ELEMENTS

UW Health provides financial assistance only when: (a) it deems care to be medically necessary and eligible for coverage under this policy; (b) it determines patients have met all eligibility criteria; (c) it determines it is the appropriate provider for the level of care; (d) the patient’s residence is within the Eligibility Area of UW Health (as defined below); and (e) patients have first diligently sought assistance from other financial assistance programs (such as Medicaid or insurance through the public marketplace). For persons residing outside of the Eligibility Area who seek care at UW Health, UW Health may, in its sole discretion, opt to provide financial assistance under special circumstances (e.g. the service can be provided only by UW Health medical staff/technology or patients are eligible for financial assistance under Swedish American Hospital’s financial assistance policy). As described within this policy, UW Health offers both free care and discounted care, depending on individuals’ family size, income and type of health care service.

Uninsured and underinsured patients who do not qualify for free care will receive a sliding scale discount off of the gross charges for their medically necessary services based on their family income as a percent of the Federal Poverty Guidelines. These patients are expected to pay their remaining balance, and may work with a UW Health Revenue Cycle representative to set up a payment plan based on their financial situation.
If the Covered Services are Emergent Services or services that UW Health is otherwise required to provide under EMTALA, then UW Health will provide such Covered Services without requiring any advance deposit or prepayment. For all other Covered Services, UW Health may require an advance prepayment in the estimated amount of the AGB for the Covered Services. From time to time UW Health may make exceptions to this policy as deemed appropriate by the UW Health Vice President of Revenue Cycle (in consultation with the UW Health Chief Financial Officer).

IV. PROCEDURE

A. Eligibility for Community Care:

1. Services eligible for Community Care include all emergency and other medically necessary care provided by UW Health, as described in Appendix B. UW Health will not charge patients who are eligible for financial assistance more for emergency or medically necessary care than the amounts generally billed (AGB) to insured patients. To the extent permitted by governmental or private insurer, deductibles, co-insurance, or co-payments may be eligible for consideration under Community Care.

2. In order to be eligible for Community Care, patients must meet the following criteria:
   a. The patient and/or patient representative must cooperate with UW Health to explore alternative means of assistance if necessary, including Medicare, Medicaid, group health insurance and the health exchange marketplace. Patients will be required to provide necessary information and documentation when applying for a discount, financial assistance, or other private or public payment programs. Additionally, any uninsured patients who are believed to have the financial ability to purchase health insurance may be encouraged to do so to help ensure healthcare accessibility and overall well-being.
   b. The patient must be uninsured or underinsured, ineligible for government assistance programs or other forms of insurance and unable to pay based on his or her individual financial situation.
   c. Specific patient populations that have a current rate agreement with UW Health will not qualify for financial assistance under this policy.
   d. The patient and/or patient representative cooperate with UW Health’s policies and procedures.
   e. The patient must primarily reside in the Eligibility Area. Internationally traveling/visiting patients who seek non-emergent treatment from UW Health are not eligible for Community Care.
   f. The patient must have either annual household incomes below 500% of the Federal Poverty Guidelines, or have excessive medical debt (greater than 50% of income).
   g. The patient or patient representative must submit a completed financial assistance application (including all documentation required by the application), or meet presumptive eligibility requirements.

3. When determining eligibility, UW Health does not take into account race, gender, age, sexual orientation, religious affiliation, social or immigrant status or age of the patient’s account.

4. If UW Health determines that patient meets the criteria described above, UW Health determines the amount of a patient’s Community Care support using an income-based sliding scale.

B. Applying for Financial Assistance:

1. To apply for financial assistance, patients must complete a financial statement. Applications are available:
   a. Online at www.uwhealth.org/communitycare;
b. In person at all UW Health business office locations; or
c. By mail.

2. Patients will be asked to attest that all information provided is true. If any information is determined to be false, all discounts afforded to the patient may be revoked, making them responsible for full charges for the services rendered.

3. In addition to completing a financial statement, individuals should provide the following supporting documentation, as directed by the financial statement:
   a. Proof of income for applicant (and spouse if applicable);
      i. Most recent pay stubs
         - If paid weekly (every week) – 4 most recent, consecutive stubs needed
         - If paid bi-weekly (every 2 weeks) – 2 most recent, consecutive stubs needed
         - If paid monthly (every month) – most recent stub
         - Letter from employer stating weekly, monthly or annual earnings
      ii. Unemployment earnings statement
      iii. SSI/SSDI income information (including minor children)
      iv. Annuity information
      v. Pension information
      vi. Any other sufficient information on how patient/family is currently supporting themselves
      vii. Copy of most recent federal tax return (including all applicable schedules)
   b. Bank statements - 2 most recent
   c. Evidence of other assets, as described on the financial statement

4. Individuals who cannot provide the documentation listed above, have questions about or would like help with completing the UW Health’s financial assistance application, may contact a Revenue Cycle representative either in person or over the phone. Contact information is found on Appendix C (Patient Business Services Contact Information).

5. The documentation will be reviewed by a Revenue Cycle representative for:
   a. Verification that all health or other insurance coverage has been exhausted, including any potential third party liability settlements.
   b. Eligibility for government programs. If eligible, a referral will be made to the appropriate agency to facilitate the patient’s application for aid.
   c. Resources of the family other than income, e.g. home, land, vehicle(s), personal possessions.
   d. Future earnings potential.
   e. Other financial obligations, e.g. child support, alimony.
   f. Possible use of appropriate gift funds.

6. Patients qualified for consideration under the UW Health Community Care Policy shall cooperate with UW Health by providing all information and documentation necessary to establish a reasonable agreement and/or payment plan. Patients must notify UW Health of any changes in financial situation that may further affect ability to pay agreed upon balances or monthly payments.

7. External sources may be utilized, including credit or medical recovery score, to verify eligibility. Other sources could include: TransUnion, Zillow, or Access Dane.

8. Financial assistance applications on file at UW Health may be used for up to six months after the date of application.
C. Determining Discount Amount:
   1. Once eligibility for financial assistance has been established, UW Health will not charge patients who are eligible for financial assistance more than the amounts generally billed (AGB) for emergency or medically necessary care. Patients who have a household income at or below 500% of the Federal Poverty Guidelines (FPG) may receive free or discounted care as illustrated on Appendix D.
   2. Patients with excessive medical debt (greater than 50% of income) are also eligible for larger Community Care consideration under this policy, as described on Appendix D.
   3. Category 2 Services/Items are discounted for all patients eligible for Community Care at the AGB, regardless of family income (see Appendix B). All Category 2 Services/Items and related follow-up care must be prepaid before they will be scheduled.
   4. Category 3 Service/Items are not eligible for Community Care.

D. Presumptive Eligibility:
   1. Absent sufficient information to support financial assistance eligibility, UW Health may opt to refer to or rely on external sources and/or other program enrollment resources to determine eligibility in the event that:
      a. Patient is homeless;
      b. Patient is eligible for state or local assistance programs;
      c. Patient is eligible for food stamps or subsidized school lunch program;
      d. Patient is eligible for a state-funded prescription medication program;
      e. Patient is deceased and without an estate;
      f. Patient files bankruptcy; and/or
      g. Patient receives care from a community clinic primarily serving an uninsured population and is appropriately referred to UW Health for further treatment.
   2. UW Health also uses an outside source to determine a propensity to pay score to help identify patients who may be eligible for financial assistance under this policy. UW Health may use previous financial assistance eligibility determinations as a basis for determining eligibility in the event that the patient does not provide sufficient documentation to support an eligibility determination.
   3. In connection with presumptive eligibility, UW Health will inform patients determined to be eligible for less than 100% assistance of the basis for the determination and the way to apply for more generous assistance available under this policy. UW Health will provide such patients 30 days to submit an application for further financial assistance.

E. Eligible Providers:
   1. In addition to care delivered by UW Health, emergency and medically necessary care delivered by the providers listed in Appendix E to this policy, are also covered under this policy. Members of the public may readily obtain Appendix E free of charge:
      a. Online at www.uwhealth.org/communitycare;
      b. In person at all UW Health business office locations; or
      c. By mail.

F. Communication of Financial Assistance Program:
   1. UW Health communicates the availability and terms of its financial assistance program to all patients, through means which include, but are not limited to:
      a. Notifications on patient bills/statements;
      b. Posted policies on the organization’s website;
      c. Brochures available to patients at UW Health locations;
      d. Notices on UW Health information monitors;
      e. The UW Health new patient packet; and
      f. Designated staff knowledgeable on the financial assistance policy to answer patient questions or who may refer patients to the program.
   2. Requests for financial assistance can be made by a patient, their family members, friend
or associate, but will be subject to applicable privacy laws.

3. Patients concerned about their ability to pay for services or who would like to know more about financial assistance should be directed to www.uwhealth.org or to a UW Health Business Office. See Appendix C Patient Business Services Contact Information section.

G. **Patient Business Services Contact Information:**
   1. UW Health has English and Spanish speaking Revenue Cycle representatives as well as the use of a Language Line to assist patients with their questions regarding the Financial Assistance program or for requests of a copy of the UW Health Financial Assistance Guidelines. Individuals, who cannot provide the documentation listed above, have questions about or would like help completing UW Health’s application, may contact a Revenue Cycle representative either in person or by phone. Reference Appendix C - Patient Business Services Contact Information.

H. **Regulatory Requirements:**
   1. In implementing this policy, UW Health shall comply with all other federal, state, and local laws, rules, and regulations that may apply to activities conducted pursuant to this policy.
