• 2,417 number of staff (as of April, 2013)
• 2,665,480 outpatient visits, FY 2012
• 411,052 unique patients, FY 2012
• $647,570,510 million total revenue, FY 2012

About UWMF
UW School of Medicine and Public Health faculty physicians established UW Medical Foundation in 1996 as a 501(c)(3) non-stock, non-profit organization. UWMF is a physician-led organization governed by a board of directors comprised of faculty physicians and public members. UWMF merged with Physicians Plus Medical Group in 1998 and with University Community Clinics in 2003. Physicians from both groups became faculty physicians after the mergers. UWMF supports the UW School of Medicine and Public Health with funds, clinical sites for patient care and teaching activities, ancillary medical and technical staff, and administrative services and personnel.

UW Medical Foundation operates primary and specialty care clinics at 29 locations throughout Madison and south central Wisconsin. The majority of UWMF clinics are primary care sites, with several offering additional specialty services. UWMF also provides administrative support to seven Department of Family Medicine clinics.

UW Medical Foundation contracts with HMOs and other health plans to provide health care services to plan members. In addition, UWMF maintains an electronic database of all UW Health physicians and clinical locations on the UW Health website at uwhealth.org. The site features an electronic search function that allows patients, referring physicians and the general public to identify UW Health physicians by specialty, subspecialty, gender and location.

Clinical Partnerships and Joint Ventures
UW Medical Foundation (UWMF) faculty physicians provide inpatient hospital services at Madison’s UW Hospital and Clinics (UWHCA), American Family Children’s Hospital, Meriter Hospital and St. Mary’s Hospital, as well as at many community hospitals throughout the state. UWMF also participates in clinical partnerships and joint ventures including:
• Joint Ventures between UWMF, UWHCA, and Meriter
  Madison Surgery Center
  Generations Fertility Care Inc.
  Wisconsin Dialysis Inc.
• Joint Ventures between UWMF and Meriter
  Transformations Surgery Center Inc.
  Wisconsin Sleep Inc.
• Clinical Partnership of UW Health
  Digestive Health Center

UWMF provides medical, technical and administrative services and/or personnel at numerous clinical sites operated by various organizations:
