Although we still don’t know how the Alzheimer’s disease process begins, it seems likely that damage to the brain starts a decade or more before problems become evident.

— National Institutes of Health, National Institute on Aging

Your aging brain and Alzheimer’s:
• Alzheimer’s is the most common cause of dementia
• It affects an estimated 5.1 million Americans
• As the population ages, the incidence of Alzheimer’s is increasing
• Risk factors include age, family history and heredity
ALZHEIMER’S DISEASE AND DEMENTIA

Thursday, March 3, 2016
6:30-8:00 pm—Program
Health Sciences Learning Center Alumni Hall, Room 1306
750 Highland Avenue
Madison, Wisconsin

8:00-9:00 pm—Reception with the presenters
Health Sciences Learning Center Atrium

As our special guests, you will have extra time to meet the session presenters and ask questions.

To attend the program and reception, please return the enclosed card by Friday, February 12, 2016.

If you have questions, contact Missy Boyd at (608) 308-5345 or melissa.boyd@supportuw.org

Our Mini Med School “deans,” K. Craig Kent, MD and Richard Page, MD will be your emcees and guides for the three programs in the series.

WHAT IS A MINI MED SCHOOL?
A fast-paced evening showcasing the latest research in action.
An interactive learning experience.
This program will explore our current understanding of today’s compelling health issues and how the UW School of Medicine and Public Health is improving care—from diagnosis and treatment to prevention.
An opportunity to ask questions.
A celebration of hope for everybody.

WHO ARE THE MINI MED SCHOOL TEACHERS?
The UW School of Medicine and Public Health physician-researchers who are changing the way we care for ourselves.

On Thursday, March 3, 2016, learn about health issues related to Alzheimer’s disease and Dementia with:

- Sanjay Asthana, MD, Professor – Department of Medicine/Head of Division of Geriatrics & Gerontology; Director, Wisconsin Alzheimer’s Disease Research Center; Director, Geriatrics Research Education and Clinical Center – Madison VA Hospital
  Moderator
- Cynthia Carlsson, MD, Associate Professor – Department of Medicine/Division of Geriatrics
- Dave Gustafson, PhD, Director – UW Center for Health Enhancement Systems Studies
- Sterling Johnson, PhD, Professor – Department of Medicine/Division of Geriatrics
- Jane Mahoney, MD, Professor – Department of Medicine/Division of Geriatrics
- Ozioma Okonkwo, PhD, Assistant Professor – Department of Medicine/Division of Geriatrics

You can view these sessions live online the day of the presentation. To register for online viewing, go to: med.wisc.edu/minimedschool

Your privacy is our top priority. If you do not wish to receive communications from us, please send an email with your name and address to uwhealthoptout@uwhealth.org or call us at (844) 300-2002. If you are a patient at UW Health, you will continue to receive information related to your care. Thank you.
