## Credentialing

### **UW Health Medical Staff Affairs and Credentialing**

All physicians, advance practice nurses, and physician assistants who practice at UW Health, must be credentialed through the Medical Staff Affairs Office. The process meets state and federal law and [The Joint Commission \(TJC\)](#) standards. This process is also consistent with National Committee for Quality Assurance (NCQA) standards. We verify licensure, DEA registration, malpractice insurance, board certification, professional school graduation, post-graduate training and staff affiliations.

[Medical Staff Affairs](#) works with the clinical departments, providers, and various committees to ensure timely processing of each application. They provide verification of current and past UW Health affiliation. Questions regarding credentialing and privileging procedures should be directed to Medical Staff Affairs at (608) 263-6601 or [uwmedstaff@uwhealth.org](mailto:uwmedstaff@uwhealth.org). The Medical Staff Affairs Office also provides administrative support to the Medical Staff organization. These activities include coordinating the activities of the Medical Board, the annual revision of the bylaws and the functions of the standing committees of the medical staff. Questions regarding the administrative functions of the medical staff should be directed to Michele Klaus at (608) 890-7527 or [mklaus@uwhealth.org](mailto:mklaus@uwhealth.org).

### **SwedishAmerican Health System Medical Staff Services and Credentialing**

All physicians, podiatrists, dentists, advanced practice registered nurses and physician assistants who practice at SwedishAmerican/A Division of UW Health must be credentialed and privileged through the Medical Staff Services Department. SwedishAmerican Health System's credentialing program is the premier credentialing system in the region. The credentialing process exceeds the elements required by TJC, Centers for Medicare & Medicaid Services (CMS), and the NCQA. The requirements of these entities are used as a baseline from which we have built our program. A leader in the region, we integrate and maintain best practices for credentialing and privileging. Medical Staff Services works side by side with each applicant, Physician Resources, exclusive contracted entities, and all independent entities, to ensure timely completion of the credentialing process for each applicant. Questions regarding credentialing, privileging, and medical staff structure, should be directed to the Medical Staff Services Department at (779) 696-2097 or [credentialing@swedishamerican.org](mailto:credentialing@swedishamerican.org). The Medical Staff Services Department also provides administrative and compliance support to the medical staff as a whole, including medical education resources. Some of these activities include medical staff bylaws and leadership support, to ensure continued compliance with regulatory and accreditation bodies. As evidenced by our lack of negligent credentialing lawsuits, SwedishAmerican Health System continues to set the bar in the region for credentialing practices for both hospital and health plans.

### **UnityPoint Health - Meriter Medical Staff Services and Credentialing**

All physicians, dentists, podiatrists, psychologists, certified nurse midwives, advance practice nurses, and physician assistants who practice at UPH-M must be credentialed through the Medical Staff Office. The process meets state and federal law, TJC standards and NCQA standards. Prior to the granting of hospital or clinic privileges, all education, training, current competence, malpractice claims history and coverage, licenses and registrations, and staff affiliations will be reviewed and verified. The Medical Staff Office works with the providers, department chairs, and various committees to ensure timely processing of each application. The Medical Staff Office also provides verification of past and current affiliation. Questions regarding the credentialing and privileging process for UPH-M can be directed to the Medical Staff Office at (608) 417-6326 or by email to: [Ana.johnson@unitypoint.org](mailto:Ana.johnson@unitypoint.org) or [Heidi.kimble@unitypoint.org](mailto:Heidi.kimble@unitypoint.org). In addition to credentialing, the Medical Staff Office also provides administrative support to the organized medical staff, including coordinating and staffing the Medical Executive Committee meetings, various hospital departmental meetings, annual Medical Staff Bylaws review, revision and approval process, and medical staff policy creation and revision. Questions regarding the administrative functions of the Medical Staff Office should be directed to Heidi Kimble at (608) 417-6104 or [Heidi.kimble@unitypoint.org](mailto:Heidi.kimble@unitypoint.org).

**Not all providers are credentialed through these processes (i.e. some non-physician professionals). Please contact your UW Health Managed Care Account Manager for more information.**

## Health Information – Release of Information

Requests for medical record information from UW Health should be addressed to the Release of Information section of the Health Information Management Department. Questions on release of information procedures may be directed to the Health Information Management Department at (608) 263-6030. Requests for patient information that require an authorization shall be submitted on the UW Health [authorization form](#) or another authorization form that meets Wisconsin and HIPAA regulations.

There are some requests for information where patient authorization is not required. Those are however limited, so please work with the Health Information Department. All disclosures made have a required documentation process about the request and when it was disclosed. Requests for release of information that may not require an authorization, must be provided on requestor letterhead (including name and address) and include patient name, DOB, details of specific information needed and reason for the request.

Requests for medical information should be addressed to the following:

## Hospital Audit Policies

### UW Health Hospital Audits

The Patient Accounting Department is committed to providing accurate billings for hospital services and to ensure that proposed account audits are completed promptly and accurately. Because UW Health is a diverse and complex organization, your company's adherence to the following requirements will ensure that audits are conducted expeditiously:

- Audits may be requested within six months of a patient's discharge.
- Audits may be initiated by faxing to the Attention: Revenue Integrity Auditor at (608) 833-9201. She/he will schedule an appointment for your company to review the medical record and will be available to answer any questions you may have. She/he will be prepared to conduct an exit interview and reach an agreement on the date of the site visit. In the event your organization uses an audit agency, your company must provide us with the appropriate authorization for the audit agency to conduct audits on your company's behalf.
- A \$500.00 audit fee will be assessed and must be paid in advance. Checks should be made payable to University Hospital. In no case will an audit be scheduled until at least 95% of the total benefit due has been paid.
- All audits must be conducted onsite. If discrepancies cannot be resolved at the time of the audit site visit, results should be compiled by service date, showing quantity billed and quantity unsupported. The Patient Accounting Department will review this information and verify your recommendations with hospital staff. You will be asked to return to the hospital to review the hospital's documentation on disputed charges, in order to more easily reach an agreement.
- Once verified by the Audit Coordinator, the appropriate adjustment(s) will be issued by the hospital within five business days of the date agreement is reached.

Unless otherwise precluded by an existing contractual agreement, UW Health will bill the patient for any charges the hospital maintains are legitimate. UW Health will issue a refund for any charges billed in error. Due to the claims adjudication complications associated with recoupment, UW Health does not permit payers to recoup charges billed in error through offsets to payments for future claims, unless the contract allows for recoupment. If a net undercharge is found, the hospital expects payment of the net undercharge within 30 days of the audit or settlement date.

## SwedishAmerican Hospital Audits

It is the policy of SwedishAmerican Health System and SwedishAmerican Medical Center Belvidere to bill patients as accurately as possible for services rendered. In the event the patient's insurance company wishes to audit the medical record to verify charges on the bill, the procedures listed below are to be followed. This policy was established to ensure an efficient and accurate audit. If this policy is not followed, SwedishAmerican Hospital reserves the right to refuse the audit and to seek payment from the patient.

1. Audits must be scheduled through Jacqueline Potter, RN, Insurance Audit Coordinator. Contact her at (779) 696-2695 to arrange for an appointment. A "Letter of Intent to Audit" must be received within six months of the final billing date.
2. Only on-site audits will be accepted.
3. 100% of the insurance company's liability must be paid prior to the audit.
4. Upon completion of the audit, the third-party auditor shall provide a written report, summarizing all findings.
5. In the event the third-party auditor cannot provide written results the day of the audit, the results should be mailed or faxed to the Audit Coordinator within 10 working days.

Fax: (815) 967-7230

Mailing Address: SwedishAmerican Health System  
Attn: Jacqueline Potter, RN  
2550 Charles St.  
Rockford, IL 61108

6. The Audit Coordinator will respond to the audit findings within 10 working days. The results shall be forwarded to the address provided by the third-party auditor.
7. When the audit is final, all unbilled charges will be submitted for payment, and refunds will be issued where applicable.

## SwedishAmerican Insurance Audit Charge Policy

1. The following schedule is used to determine the audit fee for each account.

<u>Total Patient Charges</u>	<u>Fee</u>
\$0 - \$ 35,000	\$ 50
\$ 35,001 - \$ 75,000	\$ 75
\$ 75,001 - \$100,000	\$100
\$100,001 - \$125,000	\$125
\$125,001 - \$150,000	\$150
\$150,001+	\$200

2. All audit fees will be made payable to SwedishAmerican Hospital and are due at the time of audit.
3. Failure to abide by this charge policy will result in denial of the audit.
