

University of Wisconsin Hospitals and Clinics Board of Directors
Review of Medical Staff – December 2, 2009

The Medical Board, upon the recommendation of the Credentials committee, recommends approval of the following new applications, additional privileges, biennial reappointments and status changes for the medical staff. All of the recommended actions have been reviewed in accordance with the Medical Staff Bylaws. The credentials of all new applicants have been verified. All persons listed below meet the standards of the medical staff for the membership and privileges recommended.

Credentials Committee: November 2, 2009 and November 9, 2009
Medical Board: November 12, 2009

Christopher Green, M.D., Chair of Medical Board &
Vice-President of Medical Staff

New Applications

~~Tal Herbsman, MD, Active Staff~~

Department of Psychiatry

- Adult Psychiatry Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult and treat patients, above the age of 15, who suffer from mental, behavioral, or emotional disorders. These privileges also include care of patients via telemedicine. These privileges include supervision of residents, fellows and others in training.
- Electroconvulsive therapy

~~Jeffrey A. Huebner, MD, Active Staff~~

Department of Family Medicine/General

- Family Medicine Adult Core Privileges: Physicians granted these privileges shall be able to care for patients with more complicated medical problems. If a diagnosis cannot be established after reasonable investigation, or if there is a serious threat to a patient's life, consultation shall be obtained. Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide treatment to adult patients with general medical problems. These privileges include, but are not limited to, suturing of uncomplicated lacerations; I&D of abscess; simple skin biopsy or excision; removal of nonpenetrating corneal foreign body; uncomplicated minor closed fractures (not involving traction or major manipulation); uncomplicated dislocations; diagnostic endometrial sampling; peripheral intravenous cannulation; peripheral arterial puncture; lumbar puncture; preoperative care of surgical patients; postoperative medical care of surgical patients; and supervision of residents, fellows, and other persons in training.
- Family Medicine Pediatric Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide non-surgical treatment to pediatric patients without major complications or serious life threatening disease. These privileges include, but are not limited to, the care of normal newborn as well as the uncomplicated premature infant equal to or greater than 36 weeks gestation; and supervision of residents, fellows, and other persons in training.

~~Alanna M. Kessler, Psy.D., Clinical Psychology~~

Department of Neurology/General

- Psychological testing: adolescents
- Psychological testing: adults
- Neuropsychology

~~Barbara L. Loevinger, MD, Active Staff~~

Department of Psychiatry/General

- Adult Psychiatry Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult and treat patients, above the age of 15, who suffer from mental, behavioral, or emotional disorders. These privileges also

include care of patients via telemedicine. These privileges include supervision of residents, fellows and others in training.

Brian K. Markhardt, MD, Active Staff

Department of Radiology

- Radiology Core Privileges: Performance and interpretation of all radiologic tests and procedures including plain film, ultrasound, CT, MRI, nuclear medicine, fluoroscopy of the head and neck, chest, abdomen, pelvis, extremities, gastrointestinal tract, genitourinary, and musculoskeletal system in adults and children. These privileges include, but are not limited to, doppler vascular imaging, transcranial doppler, arthrograms and joint aspirations, venography of major vessels, mammography and supervision of resident, fellows and other trainees.
- Imaged guided needle, biopsy, ablation, drainage or aspiration.

Christopher A. Meyer, MD, Active Staff

Department of Radiology/General

- Radiology Core Privileges: Performance and interpretation of all radiologic tests and procedures including plain film, ultrasound, CT, MRI, nuclear medicine, fluoroscopy of the head and neck, chest, abdomen, pelvis, extremities, gastrointestinal tract, genitourinary, and musculoskeletal system in adults and children. These privileges include, but are not limited to, doppler vascular imaging, transcranial doppler, arthrograms and joint aspirations, venography of major vessels, mammography and supervision of residents, fellows and other trainees.
- Image guided percutaneous biliary dilatation, drainage, ballooning, stenting or biopsy.
- Imaged guided needle, biopsy, ablation, drainage or aspiration.
- Adult Moderate Sedation-- Within CSC only

Alison R. Miller, DO, Courtesy Staff

Department of Family Medicine/General

- Family Medicine Adult Core Privileges: Physicians granted these privileges shall be able to care for patients with more complicated medical problems. If a diagnosis cannot be established after reasonable investigation, or if there is a serious threat to a patient's life, consultation shall be obtained. Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide treatment to adult patients with general medical problems. These privileges include, but are not limited to, suturing of uncomplicated lacerations; I&D of abscess; simple skin biopsy or excision; removal of nonpenetrating corneal foreign body; uncomplicated minor closed fractures (not involving traction or major manipulation); uncomplicated dislocations; diagnostic endometrial sampling; peripheral intravenous cannulation; peripheral arterial puncture; lumbar puncture; preoperative care of surgical patients; postoperative medical care of surgical patients; and supervision of residents, fellows, and other persons in training.
- Family Medicine Pediatric Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide non-surgical treatment to pediatric patients without major complications or serious life threatening disease. These privileges include, but are not limited to, the care of normal newborn as well as the uncomplicated premature infant equal to or greater than 36 weeks gestation; and supervision of residents, fellows, and other persons in training.

Julia K. Reschke, MD, Active Staff

Department of Psychiatry

- Adult Psychiatry Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult and treat patients, above the age of 15, who suffer from mental, behavioral, or emotional disorders. These privileges also include care of patients via telemedicine. These privileges include supervision of residents, fellows and others in training.
- Electroconvulsive therapy

Brett D. Rusch, MD, Active Staff

Department of Psychiatry/General

- Adult Psychiatry Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult and treat patients, above the age of 15, who suffer from mental, behavioral, or emotional disorders. These privileges also include care of patients via telemedicine. These privileges include supervision of residents, fellows and others in training.

Additional Privileges

~~Charles Acher, MD, Active Staff~~

~~Department of Surgery: Peripheral Vascular~~

- ~~• Supervision of Physician Assistant with Prescriptive Authority (Kim Hartmann)~~

~~Janet Bellingham, MD, Active Staff~~

~~Department of Surgery~~

- ~~• Supervision of Physician Assistant with Prescriptive Authority (Karen Birling and Megan Ross, PA)~~

~~Nilton DeOliveira, MD, Active Staff~~

~~Department of Surgery: Cardiothoracic Surgery~~

- ~~• Supervision of Physician Assistant with Prescriptive Authority (Tina Krider, PA)~~

~~Nitoo Edwards, MD, Active Staff~~

~~Department of Surgery: Cardiothoracic Surgery~~

- ~~• Supervision of Physician Assistant with Prescriptive Authority (Tina Krider, PA)~~

~~John Hoch, MD, Active Staff~~

~~Department of Surgery: Peripheral Vascular~~

- ~~• Supervision of Physician Assistant with Prescriptive Authority (Kim Hartmann)~~

~~K. Craig Kent, MD, Active Staff~~

~~Department of Surgery: Peripheral Vascular~~

- ~~• Supervision of Physician Assistant with Prescriptive Authority (Kim Hartmann)~~

~~Takushi Kohmoto, MD, Active Staff~~

~~Department of Surgery: Cardiothoracic Surgery~~

- ~~• Supervision of Physician Assistant with Prescriptive Authority (Tina Krider, PA)~~

~~Lucian Lozonschi, MD, Active Staff~~

~~Department of Surgery: Cardiothoracic Surgery~~

- ~~• Supervision of Physician Assistant with Prescriptive Authority (Tina Krider, PA)~~

~~James Maloney, MD, Active Staff~~

~~Department of Surgery: Cardiothoracic Surgery~~

- ~~• Supervision of Physician Assistant with Prescriptive Authority (Tina Krider, PA)~~

~~Jon Matsumura, MD, Active Staff~~

~~Department of Surgery: Peripheral Vascular~~

- ~~• Supervision of Physician Assistant with Prescriptive Authority (Kim Hartmann)~~

~~Matthew Mell, MD, Active Staff~~

~~Department of Surgery: Peripheral Vascular~~

- ~~• Supervision of Physician Assistant with Prescriptive Authority (Kim Hartmann)~~

~~Margaret (Gretchen) Schwarze, MD, Active Staff~~

~~Department of Surgery: Peripheral Vascular~~

- ~~• Supervision of Physician Assistant with Prescriptive Authority (Kim Hartmann)~~

Girma Tefera, MD, Active Staff

Department of Surgery: Peripheral Vascular

- Supervision of Physician Assistant with Prescriptive Authority (Kim Hartmann)

William Turnipseed, MD, Active Staff

Department of Surgery: Peripheral Vascular

- Supervision of Physician Assistant with Prescriptive Authority (Kim Hartmann)

Tracey Weigel, MD, Active Staff

Department of Surgery: Cardiothoracic Surgery

- Supervision of Physician Assistant with Prescriptive Authority (Tina Krider, PA)

Cameron Zahed, MD, Active Staff

Department of Anesthesiology

- Critical Care Medicine Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat adult patients in need of critical care. These privileges include, but are not limited to, Swan Ganz catheter insertion and management; endotracheal intubation; management of mechanical ventilation; management of noninvasive ventilation; fiberoptic bronchoscopy; direct laryngoscopy; chest tube placement; and supervision of residents, fellows, and others in training.

Reappointments

The following reappointment application has been endorsed by the UWHC Credentials Committee for a one-year reappointment as requested by the department and is recommended to the Medical Board for approval/action:

Levine, Ross L., MD

Neurology

Active Staff

The following reappointment applications have been endorsed by the UWHC Credentials Committee for two-year reappointments and are recommended to the Medical Board for approval/action:
