

**University of Wisconsin Hospitals and Clinics Board of Directors
Review of Medical Staff –February 6, 2013**

The Medical Board, upon the recommendation of the Credentials committee, recommends approval of the following new applications, additional privileges, biennial reappointments and status changes for the medical staff and other providers requesting professional privileges for practice at UWHC. All of the recommended actions have been reviewed in accordance with the Medical Staff Bylaws. The credentials of all new applicants have been verified. All persons listed below meet the standards of the medical staff for the membership and privileges recommended.

Credentials Committee: December 19, 2012

Medical Board: January 10, 2013

Nathan Rudin, M.D., Chair of Medical Board & President
of Medical Staff

The following actions were endorsed by the UWHC Credentials Committee and are recommended to the Medical Board for approval/action.

New Applications

**Janet E. Lainhart, MD, Active Staff
Department of Psychiatry/Child**

- Adult Psychiatry Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult and treat patients, above the age of 15, who suffer from mental, behavioral, or emotional disorders. These privileges also include care of patients via telemedicine. These privileges include supervision of residents, fellows and others in training.
- Child Psychiatry Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult and treat children and adolescents who suffer from mental, behavioral, or emotional disorders. These privileges also include care of patients via telemedicine. These privileges include supervision of residents, fellows and others in training.

Additional Privileges

**Randall T. Brown, MD, Active Staff
Department of Family Medicine**

- Substance Use Disorder (Alcohol) Core Privileges: Physicians granted these privileges are permitted to provide care for patients who have or are suspected of having alcohol use disorders that they are not seeing primarily for other conditions. Privileges to evaluate including performance of H&P, diagnose, consult and provide treatment to adult patients with possible or present alcohol related problems. These privileges include, but are not limited to assessment and management of physical dependence upon and withdrawal from alcohol.
- Substance Use Disorder (Addictive Substances Other Than Alcohol: Prescription-based and Illicit Drugs) Core Privileges: Physicians granted these privileges are permitted to provide care for patients with substance use disorders who they are not seeing primarily for other conditions. Privileges to evaluate including performance of H&P, diagnose, consult and provide treatment to adult patients with substance use related problems. These privileges include, but are not limited to assessment and management of physical dependence upon and withdrawal from controlled substances.

**Sara C. Damewood, MD, Active Staff
