

University of Wisconsin Hospitals and Clinics Board of Directors
Review of Medical Staff –May 8, 2013

The Medical Board, upon the recommendation of the Credentials committee, recommends approval of the following new applications, additional privileges, biennial reappointments and status changes for the medical staff and other providers requesting professional privileges for practice at UWHC. All of the recommended actions have been reviewed in accordance with the Medical Staff Bylaws. The credentials of all new applicants have been verified. All persons listed below meet the standards of the medical staff for the membership and privileges recommended.

Credentials Committee: March 4, 2013

Medical Board: March 14, 2013

Nathan Rudin, M.D., Chair of Medical Board & President
of Medical Staff

The following actions were endorsed by the UWHC Credentials Committee and are recommended to the Medical Board for approval/action.

New Applications/Reinstatements

Merritt E. Adams, MD, Active Staff

Department of Orthopedics and Rehabilitation/Fellow

- Pediatric Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide care for infants, children and adolescents with complex problems or severe illnesses, including those that are potentially life-threatening. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture; peripheral arterial puncture; peripheral venous puncture; neonatal circumcision; intubation; suprapubic bladder tap in the care of newborn infants greater than 2000 grams; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows and others in training.
- Non Surgical Orthopedic Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat patients presenting with illnesses, injuries and disorders of the musculoskeletal system; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and pH by paper methods; and supervision of residents, fellows and others in training.

Andrea R. Carberry, MD, Active Staff

Department of Pediatrics/General

- Pediatric Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide care for infants, children and adolescents with complex problems or severe illnesses, including those that are potentially life-threatening. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture; peripheral arterial puncture; peripheral venous puncture; neonatal circumcision; intubation; suprapubic bladder tap in the care of newborn infants greater than 2000 grams; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows and others in training.

Suresh R. Chandra, MD, Active Staff

Department of Ophthalmology

- Ophthalmology Medical and Minor Surgery Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat patients presenting with illnesses, injuries, and disorders of the eye, including its related structures and visual pathways; and performing waived laboratory testing not requiring an instrument,

including but not limited to fecal occult blood, urine dipstick, and pH by paper methods; and supervision of residents, fellows and others in training

- Ophthalmology Surgical Core Privileges: Privileges to perform basic surgical procedures considered a result of a residency training program including removal of radioactive plaque, corneal micropuncture and debridement, astigmatic keratotomy, cataract surgery with or without IOL placement, glaucoma filtration surgery with or without antimetabolite, combined cataract and filtering surgery, strabismus surgery on horizontal muscles, enucleation, cryotherapy, primary repair of entropion, ectropion, eyelid injury, tarsorrhaphy, blepharoplasty, lacrimal intubation and irrigation. These privileges include supervision of residents, fellows and other persons in training.
- Special Competence Surgical Retina: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat patients of all ages, presenting with complicated illnesses, injuries, and disorders of the retina, vitreous and horoids. These privileges include, but are not limited to, posterior vitrectomy; intraocular foreign body removal; scleral buckling; placement of radioactive plaques for tumors, vitreous implants and injections.
- Special Competence Medical Retina: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat patients of all ages, presenting with complicated illnesses, injuries, and disorders of the retina. These privileges include, but are not limited to management of macular disease; written interpretation of ICG angiography, OCT, ERG, ultrasound of the globe.
- Use of surgical laser - Argon and Diode for panretinal laser.

Wendy B. DeMartini, MD, Active Staff

Department of Radiology/Breast Imaging

- Radiology Core Privileges: Performance and interpretation of all radiologic tests and procedures including plain film, ultrasound, CT, MRI, nuclear medicine, fluoroscopy of the head and neck, chest, abdomen, pelvis, extremities, gastrointestinal tract, genitourinary, and musculoskeletal system in adults and children. These privileges include, but are not limited to, doppler vascular imaging, transcranial doppler, arthrograms and joint aspirations, venography of major vessels, mammography and supervision of residents, fellows and other trainees.
- Imaged guided needle, biopsy, ablation, drainage or aspiration.
- Image guided analysis for surgery, biopsy or treatment planning using any imaging modality.

Dawn M. Eifenbein, MD, Active Staff

Department of Surgery/Fellow

- General Surgery Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat patients presenting with disorders, illnesses or injuries of the alimentary tract, the abdomen and its contents, breast, skin, soft tissue, head and neck, endocrine system and minor extremity surgery. These privileges include, but are not limited to, insertion and management of arterial catheter, insertion and management of chest tubes, insertion and management of central venous catheters, lumbar puncture, pericardiocentesis, tracheostomy, paracentesis, management of trauma, and complete care of critically ill patients with underlying surgical conditions; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and pH by paper methods; and supervision of residents, fellows and others in training.
- Laparoscopic surgery
- Upper gastrointestinal endoscopy
- Colonoscopy
- Stereotactic breast biopsy

Dennis A. Ice, II, MD, Active Staff

Department of Orthopedics and Rehabilitation/Rehab Medicine

- Rehabilitation Medicine Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat patients presenting with acute or chronic neuromuscular disease or disabilities. These privileges include, but are not limited to, anesthetic nerve block; arthrocentesis, electrodiagnosis, injection of neuromuscular block; neurolytic nerve block; soft tissue injection; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and pH by paper methods; and supervision of residents, fellows and others in training.
- Supervision of PA with Prescriptive Authority (Kristyn Hare, PA)

Jarret C. Kuo, MD, Active Staff

Department of Radiology/Fellow

- Radiology Core Privileges: Performance and interpretation of all radiologic tests and procedures including plain film, ultrasound, CT, MRI, nuclear medicine, fluoroscopy of the head and neck, chest, abdomen, pelvis, extremities, gastrointestinal tract, genitourinary, and musculoskeletal system in adults and children. These privileges include, but are not limited to, doppler vascular imaging, transcranial doppler, arthrograms and joint aspirations, venography of major vessels, mammography and supervision of residents, fellows and other trainees.
- Imaged guided catheter placement.
- Image guided ablation and/or operative imaging of thoracolumbar or pelvic neoplasms.
- Imaged guided needle, biopsy, ablation, drainage or aspiration.
- Image guided analysis for surgery, biopsy or treatment planning using any imaging modality.

James E. McCarthy, MD, Active Staff

Department of Pediatrics/Urgent Care

- Pediatric Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide care for infants, children and adolescents with complex problems or severe illnesses, including those that are potentially life-threatening. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture; peripheral arterial puncture; peripheral venous puncture; neonatal circumcision; intubation; suprapubic bladder tap in the care of newborn infants greater than 2000 grams; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows and others in training.

Benjamin L. Rawson, DO, Active Staff

Department of Orthopedics and Rehabilitation/Fellow

- Rehabilitation Medicine Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat patients presenting with acute or chronic neuromuscular disease or disabilities. These privileges include, but are not limited to, anesthetic nerve block; arthrocentesis, electrodiagnosis, injection of neuromuscular block; neurolytic nerve block; soft tissue injection; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and pH by paper methods; and supervision of residents, fellows and others in training. Epidural steroid injections
- Facet joint injections/median branch blocks
- Sympathetic ganglion blocks
- Adult Moderate Sedation—Within CSC only

Michael D. Rizzari, MD, Active Staff

Department of Surgery/Fellow

- General Surgery Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat patients presenting with disorders, illnesses or injuries of the alimentary tract, the abdomen and its contents, breast, skin, soft tissue, head and neck, endocrine system and minor extremity surgery. These privileges include, but are not limited to, insertion and management of arterial catheter, insertion and management of chest tubes, insertion and management of central venous catheters, lumbar puncture, pericardiocentesis, tracheostomy, paracentesis, management of trauma, and complete care of critically ill patients with underlying surgical conditions; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and pH by paper methods; and supervision of residents, fellows and others in training.
- Laparoscopic surgery
- Upper gastrointestinal endoscopy
- Colonoscopy
- Stereotactic breast biopsy
- Organ Procurement

Parag A. Tipnis, MD, Active Staff

Department of Medicine/Cardiovascular Medicine

- Internal Medicine/Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P,

diagnose, consult, and treat adult patients with medical illnesses. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture, thoracentesis, paracentesis, arterial line insertion, diagnostic or therapeutic joint aspiration/injection, endometrial biopsy, endocervical polyp removal/biopsy, intrauterine device (IUD) insertion, punch biopsy of the skin, percutaneous needle biopsy of a breast mass or skin lesion, soft tissue injection, liquid nitrogen cryosurgery of the skin or other appropriate lesion, and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and pH by paper methods and supervision of residents, fellows, and others in training.

- Cardiovascular Medicine Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult, and treat adult patients presenting with diseases of the heart and blood vessels. These privileges include, but are not limited to, cardioversion; insertion and management of central venous and pulmonary artery catheters; use of thrombolytic agents; pericardiocentesis; Holter scan interpretation; treadmill testing; temporary transvenous pacemaker placement; and supervision of residents, fellows, and others in training.
- Cardiac Imaging: Transthoracic echocardiography
- Cardiac Imaging: Transesophageal echocardiography
- Cardiac Imaging: Stress echocardiography
- Cardiac Imaging: Nuclear Cardiology
- Adult Moderate Sedation-- Inside and outside CSC

Linda D. Varghese, MD, Active Staff

Department of Anesthesiology

- Anesthesiology Core Privileges: Privileges to evaluate including performance of H&P, consult and administer anesthesia to patients for relief and prevention of pain during and following surgical, therapeutic and diagnostic procedures, including the monitoring and maintenance of normal physiology during the perioperative period and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and pH by paper methods. Supervision of Anesthesiologist Assistants is included in these privileges. These privileges include supervision of residents, fellows, and other persons in training.

Jennifer M. Wright, MD, Active Staff

Department of Medicine/Cardiovascular Medicine

- Internal Medicine/Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat adult patients with medical illnesses. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture, thoracentesis, paracentesis, arterial line insertion, diagnostic or therapeutic joint aspiration/injection, endometrial biopsy, endocervical polyp removal/biopsy, intrauterine device (IUD) insertion, punch biopsy of the skin, percutaneous needle biopsy of a breast mass or skin lesion, soft tissue injection, liquid nitrogen cryosurgery of the skin or other appropriate lesion, and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and pH by paper methods and supervision of residents, fellows, and others in training.
- Cardiovascular Medicine Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult, and treat adult patients presenting with diseases of the heart and blood vessels. These privileges include, but are not limited to, cardioversion; insertion and management of central venous and pulmonary artery catheters; use of thrombolytic agents; pericardiocentesis; Holter scan interpretation; treadmill testing; temporary transvenous pacemaker placement; and supervision of residents, fellows, and others in training.
- Electrophysiology Procedures: Electrophysiology studies
- Electrophysiology Procedures: Permanent pacemaker selection and implementation
- Adult Moderate Sedation-- Within CSC only

Additional Privileges

Parul D. Agarwal, MD, Active Staff

Department of Medicine/Gastroenterology & Hepatology

- Supervision of Lindsay Morris, PA; Debra Schrader, PA; Paula Cynkar, PA; and Karen Birling, PA with prescriptive authority

Emily B. Ahmed, MD, Active Staff

Department of Surgery/Fellow

- Supervision of Michael Anderson, PA without prescriptive authority

Azam S. Ahmed, MD, Active Staff
Department of Neurological Surgery

- Supervision of Melissa Pechan, PA with prescriptive authority

Lisa M. Barroilhet, MD, Active Staff
Department of Obstetrics and Gynecology/Gynecological Oncology

- Supervision of Joanne Rash, PA and Lori Seaborne, PA with prescriptive authority

Michael K. Kim, MD, Active Staff
Department of Medicine/Emergency Medicine

- Pediatric Deep Sedation

Kasi R. McCune, MD, Active Staff
Department of Surgery/Fellow

- Supervision of Michael Anderson, PA without prescriptive authority

Satoru Osaki, MD, Active Staff
Department of Surgery/Cardiothoracic

- Supervision of Carissa Coorough, PA; Dean Demarais, PA; Liubou Korzun, PA; Matthew Terasa, PA; and Ryan Turner, PA with prescriptive authority

Vrishali P. Patil, MD, Active Staff
Department of Surgery/Fellow

- Supervision of Michael Anderson, PA without prescriptive authority

John P. Rice, MD, Active Staff
Department of Medicine/Gastroenterology & Hepatology

- Supervision of Lindsay Morris, PA; Debra Schrader, PA; Paula Cynkar, PA; and Karen Birling, PA with prescriptive authority

Arnold Wald, MD, Active Staff
Department of Medicine/Gastroenterology & Hepatology

- Supervision of Virginia Evans, PA with prescriptive authority

Ryan P. Westergaard, MD, Active Staff
Department of Medicine/Infectious Disease

- Supervision of Sarah Affeldt, PA with prescriptive authority

Focused Professional Practice Evaluation Review

The following focused review applications have been endorsed by the UWHC Credentials Committee and are recommended to the Medical Board for approval/action:

- Adsit, Graham S., MD, Medicine/Fellow
- Agarwal, Suresh K., MD, Surgery/General Surgery
- Ahmed, Azam S., MD, Neurological Surgery
- Barroilhet, Lisa M., MD, Obstetrics and Gynecology/Gynecological Oncology

- Berg, Kristin M., MD, Medicine/General Internal Medicine
- Bincang, Christopher M., MD, Surgery/Fellow
- Bradford, Anju I., MD, Pediatrics/Urgent Care
- Buehring, Bjoern, MD, Medicine/Geriatrics
- Campbell, Carmen M., MD, Medicine/General Internal Medicine
- Cordes, Timothy J., MD, Psychiatry/General
- Ertl, Melissa J., MD, Anesthesiology/Fellow
- Gepner, Adam D., MD, Medicine/Fellow
- Girgis, Dalia O., MD, Ophthalmology/General
- Harris, Ronen, MD, Anesthesiology/Fellow
- Jablonski, Chester, MD, Pathology
- James, Sarah J., DO, Family Medicine
- Kalscheur, Matthew M., MD, Medicine/Fellow
- Kapur, Jaime H., MD, Surgery/General Surgery
- Lee-Miller, Cathy A., MD, Pediatrics/General
- Lessens, David M., MD, Family Medicine
- MacAllister, Rebecca L., MD, Medicine/General Internal Medicine
- Maganti, Rama K., MD, Neurology
- McKenna, Patrick H., MD, Urology
- Micek, Mark A., MD, Medicine/General Internal Medicine
- Miller, Nathan A., PhD, Psychiatry
- Muldowney, Bridget L., MD, Anesthesiology
- Nagle, Kyle B., MD, Orthopedics and Rehabilitation/Fellow
- Ostlie, Daniel J., MD, Surgery/General Surgery
- Patil, Vrishali P., MD, Surgery/Fellow
- Pulia, Michael S., MD, Medicine/Emergency Medicine
- Rehm, Jennifer L., MD, Pediatrics/Endocrinology
- Sharp, Kristen M., MD, Obstetrics and Gynecology/General
- Sklansky, Daniel J., MD, Pediatrics/Hospitalist
- Smith, Jeannina A., MD, Medicine/Infectious Disease
- Stephenson, Jason W., MD, Radiology/Musculoskeletal Imaging
- Turner, Erin L., MD, Pediatrics/General
- Varness, Dierdre C., MD, Anesthesiology
- Zimmerman, Christine L., MD, Pediatrics/General

Professional Privileges-- New Applications

Ashley E. Fenske, NP, UW Advance Practice Nurse

Department of Surgery/Otolaryngology

- Otolaryngology NP Core Privileges: Privileges to promote health, prevent disease, assess/evaluate including performance of H & P, diagnose, consult and manage adolescent and adult patients with injuries and diseases of the head and neck, including pre- and postoperative care, in inpatient and outpatient settings in collaboration with physician members of the medical staff. These privileges also include ordering respiratory therapy.

Holly N. Hanson, NP, UW Advance Practice Nurse

Department of Family Medicine

- Family Medicine NP Core Privileges: Privileges to promote health, prevent disease, assess/evaluate including performance of H & P, diagnose, consult and manage adult patients with acute and chronic medical diseases and

disorders in the inpatient settings in collaboration with physician members of the medical staff. These privileges also include ordering respiratory therapy.

- Prescriptive authority
- Blood product ordering

Elizabeth H. Holden, NP, UW Advance Practice Nurse
Department of Medicine/Gastroenterology & Hepatology

- Gastroenterology & Hepatology NP Core Privileges: Privileges to promote health, prevent disease, assess/evaluate including performance of H & P, diagnose, consult and manage adolescent and adult patients with gastrointestinal and hepatology diseases in inpatient and outpatient settings in collaboration with physician members of the medical staff. These privileges also include ordering respiratory therapy.
- Prescriptive authority
- Blood product ordering

Reappointments & Prescriptive Practice Reviews

The following PA reappointment applications and prescriptive practice reviews were reviewed and recommended for approval for another 2-year term, expiring June 30, 2015.

- Sarah Affeldt – Medicine/Infectious Disease
- Shandra Bauer – Medicine/General Internal Medicine
- Erik Bonifas – Orthopedics & Rehabilitation/ Orthopedic Surgery
- Jenna Brink – Urology
- Carissa Coorough – Surgery/Cardiothoracic
- Dean Demarais – Surgery/Cardiothoracic Surgery
- Jennifer Drake – Orthopedics & Rehabilitation/ Orthopedic Surgery
- Megan Feil – Neurology/Stroke
- Christopher Goodavish – Surgery/Cardiothoracic
- Leslie Goodavish - Orthopedics & Rehabilitation/ Orthopedic Surgery
- Jill Guenther – Orthopedics & Rehabilitation/ Orthopedic Surgery
- Kristyn Hare – Orthopedics & Rehabilitation/Rehab Medicine
- Steven Heuer – Surgery/General Surgery
- Robin Hoenisch – Orthopedics & Rehabilitation/ Orthopedic Surgery
- Theresa Hollnagel – Urology
- Eugene Kenny – Surgery/Cardiothoracic Surgery
- Cassie Kolstad – Medicine/Nephrology
- Liubou Korzun – Surgery/Cardiothoracic
- Rana Leer Haupt – Orthopedics & Rehabilitation/Orthopedic Surgery
- Kelly MacVittie - Orthopedics & Rehabilitation/Rehab Medicine
- Kathryn McComb – Medicine/Nephrology
- Jeffrey Oryall - Orthopedics & Rehabilitation/Orthopedic Surgery
- Melissa Pechan – Neurological Surgery
- Joanne Rash – Obstetrics and Gynecology/Gynecological Oncology
- Shelly Schmoller – Neurological Surgery
- Lori Seaborne – Obstetrics and Gynecology/Gynecological Oncology
- Mark Shepherd - Orthopedics & Rehabilitation/Orthopedic Surgery
- Margaret Straub – Human Oncology
- Susette Thompson – Urology
- Ryan Turner – Surgery/Cardiothoracic
- Carey Walters - Orthopedics & Rehabilitation/Orthopedic Surgery

- Shawna Wheeler - Neurology

Focused Professional Practice Evaluation Review

The following focused review applications have been endorsed by the UWHC Credentials Committee after review by their applicable sub-committees (if appropriate) and are recommended to the Medical Board for approval/action:

- Erin Billmeyer, NP – Medicine/Allergy, Pulmonary, Critical Care
- Amy Chybowski, NP - Medicine/Allergy, Pulmonary, Critical Care
- Kira Connolly-Nelson, NP – Medicine/General Internal Medicine
- Megan Fitzgerald, NP – OB/Gyn: Gyn Onc
- Rhonda Heise, NP - Medicine/General Internal Medicine
- Jennifer Larson, NP – Surgery/Transplant
- Michelle Masson, NP – Ophthalmology
- Cynthia Matzinger, NP – Pediatrics/General Peds
- Gabe Morrison, CRNA – Anesthesiology
- Rachel Schilling, NP – Medicine/Cardiology
- Heidi Simmet-Afghan, NP – Surgery/General Surgery
- Ryan Turner, PA (Surgery/Cardiothoracic)
- Sarah Wilczewski, CRNA – Anesthesiology
- Kevin Wyne, PA (Medicine/Emergency Medicine)
