

**University of Wisconsin Hospitals and Clinics Board of Directors**  
**Review of Medical Staff – July 13, 2011**

The Medical Board, upon the recommendation of the Credentials committee, recommends approval of the following new applications, additional privileges, biennial reappointments and status changes for the medical staff. All of the recommended actions have been reviewed in accordance with the Medical Staff Bylaws. The credentials of all new applicants have been verified. All persons listed below meet the standards of the medical staff for the membership and privileges recommended.

Credentials Committee: May 2, 2011

Medical Board: May 12, 2011

\_\_\_\_\_  
Christopher G. Green, M.D., Chair of Medical Board &  
President of Medical Staff

**New Applications**

**Lisa R. Anthony, MD, Active Staff**  
**Department of Medicine/Hospitalist**

- Internal Medicine/Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat adult patients with medical illnesses. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture, thoracentesis, paracentesis, arterial line insertion, diagnostic or therapeutic joint aspiration/injection, endometrial biopsy, endocervical polyp removal/biopsy, intrauterine device (IUD) insertion, punch biopsy of the skin, percutaneous needle biopsy of a breast mass or skin lesion, soft tissue injection, liquid nitrogen cryosurgery of the skin or other appropriate lesion, and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods and supervision of residents, fellows, and others in training.
- Adult Moderate Sedation-- Inside and outside CSC

**Elizabeth N. Chapman, MD, Active Staff**  
**Department of Medicine/General Internal Medicine**

- Internal Medicine/Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat adult patients with medical illnesses. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture, thoracentesis, paracentesis, arterial line insertion, diagnostic or therapeutic joint aspiration/injection, endometrial biopsy, endocervical polyp removal/biopsy, intrauterine device (IUD) insertion, punch biopsy of the skin, percutaneous needle biopsy of a breast mass or skin lesion, soft tissue injection, liquid nitrogen cryosurgery of the skin or other appropriate lesion, and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods and supervision of residents, fellows, and others in training.

**David A. Erickson, MD, Active Staff**  
**Department of Medicine/General Internal Medicine**

- Internal Medicine/Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat adult patients with medical illnesses. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture, thoracentesis, paracentesis, arterial line insertion, diagnostic or therapeutic joint aspiration/injection, endometrial biopsy, endocervical polyp removal/biopsy, intrauterine device (IUD) insertion, punch biopsy of the skin, percutaneous needle biopsy of a breast mass or skin lesion, soft tissue injection, liquid nitrogen cryosurgery of the skin or other appropriate lesion, and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods and supervision of residents, fellows, and others in training.
- Central venous catheter insertion for access

**Richard E. Galgon, MD, Active Staff**  
**Department of Anesthesiology**

- Anesthesiology Core Privileges: Privileges to evaluate including performance of H&P, consult and administer anesthesia to patients for relief and prevention of pain during and following surgical, therapeutic and diagnostic procedures, including the monitoring and maintenance of normal physiology during the perioperative period and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods. These privileges include supervision of residents, fellows, and other persons in training.

**Christopher A. Guite, MD, Active Staff**  
**Department of Anesthesiology**

- Anesthesiology Core Privileges: Privileges to evaluate including performance of H&P, consult and administer anesthesia to patients for relief and prevention of pain during and following surgical, therapeutic and diagnostic procedures, including the monitoring and maintenance of normal physiology during the perioperative period and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods. These privileges include supervision of residents, fellows, and other persons in training.

**Sujani S. Kakumanu, MD, Active Staff**  
**Department of Medicine/Allergy, Pulmonary & Critical Care**

- Internal Medicine/Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat adult patients with medical illnesses. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture, thoracentesis, paracentesis, arterial line insertion, diagnostic or therapeutic joint aspiration/injection, endometrial biopsy, endocervical polyp removal/biopsy, intrauterine device (IUD) insertion, punch biopsy of the skin, percutaneous needle biopsy of a breast mass or skin lesion, soft tissue injection, liquid nitrogen cryosurgery of the skin or other appropriate lesion, and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods and supervision of residents, fellows, and others in training.
- Allergy & Immunology Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult, and treat adult patients presenting with diseases and disorders affecting the immune system. These privileges include, but are not limited to, allergy skin testing and interpretation, allergic desensitization, and supervision of residents, fellows, and others in training.

**Dixon B. Kaufman, MD, PhD, Active Staff**  
**Department of Surgery/Transplant**

- General Surgery Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat patients presenting with disorders, illnesses or injuries of the alimentary tract, the abdomen and its contents, breast, skin, soft tissue, head and neck, endocrine system and minor extremity surgery. These privileges include, but are not limited to, insertion and management of arterial catheter, insertion and management of chest tubes, insertion and management of central venous catheters, lumbar puncture, pericardiocentesis, tracheostomy, paracentesis, management of trauma, and complete care of critically ill patients with underlying surgical conditions; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows and others in training.
- Upper gastrointestinal endoscopy
- Transplant Surgery
- Organ Procurement
- Supervision of Physician Assistant with Prescriptive Authority (Angela Clark, PA; Kristen Rider, PA; Karen Birling, PA; Debra Schrader, PA)

**Christopher D. Kenney, MD, PHD, Active Staff**  
**Department of Surgery/Fellow**

- General Surgery Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat patients presenting with disorders, illnesses or injuries of the alimentary tract, the abdomen and its contents, breast, skin, soft tissue, head and neck, endocrine system and minor extremity surgery. These privileges include, but are not limited to, insertion and management of arterial catheter, insertion and management of chest tubes, insertion and management of central venous catheters, lumbar puncture, pericardiocentesis, tracheostomy, paracentesis, management of trauma, and complete care of critically ill patients with underlying surgical conditions; and performing waived laboratory testing not requiring an instrument including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows and others in training.
- Laparoscopic surgery
- Upper gastrointestinal endoscopy
- Colonoscopy
- Stereotatic breast biopsy
- Organ Procurement
- Bariatric & other weight loss surgery

**Lucas B. Ludeman, MD, Active Staff**  
**Department of Radiology/Fellow**

- Radiology Core Privileges: Performance and interpretation of all radiologic tests and procedures including plain film, ultrasound, CT, MRI, nuclear medicine, fluoroscopy of the head and neck, chest, abdomen, pelvis, extremities, gastrointestinal tract, genitourinary, and musculoskeletal system in adults and children. These privileges include, but are not limited to, doppler vascular imaging, transcranial doppler, arthrograms and joint aspirations, venography of major vessels, mammography and supervision of residents, fellows and other trainees.
- Image guided ablation and/or operative imaging of thoracolumbar or pelvic neoplasms
- Imaged guided needle, biopsy, ablation, drainage or aspiration
- Image guided spinal and/or paraspinal injection, aspiration, biopsy, ablation
- Image guided analysis for surgery, biopsy or treatment planning using any imaging modality
- Adult Moderate Sedation-- Within CSC only

**Jong D. Mei, MD, Courtesy Staff**  
**Department of Family Medicine**

- Family Medicine Adult Core Privileges: Physicians granted these privileges shall be able to care for patients with more complicated medical problems. If a diagnosis cannot be established after reasonable investigation, or if there is a serious threat to a patient's life, consultation shall be obtained. Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide treatment to adult patients with general medical problems. These privileges include, but are not limited to, suturing of uncomplicated lacerations; I&D of abscess; simple skin biopsy or excision; removal of nonpenetrating corneal foreign body; uncomplicated minor closed fractures (not involving traction or major manipulation); uncomplicated dislocations; lumbar punctures; diagnostic endometrial sampling; peripheral intravenous cannulation; peripheral arterial puncture; lumbar puncture; preoperative care of surgical patients; postoperative medical care of surgical patients; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows, and other persons in training.
- Family Medicine Pediatric Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide non-surgical treatment to pediatric patients without major complications or serious life threatening disease. These privileges include, but are not limited to, the care of normal newborn as well as the uncomplicated premature infant equal to or greater than 36 weeks gestation; and supervision of residents, fellows, and other persons in training.
- Circumcision

**Matthew H. Nett, MD, Active Staff**  
**Department of Radiology/Fellow**

- Radiology Core Privileges: Performance and interpretation of all radiologic tests and procedures including plain film, ultrasound, CT, MRI, nuclear medicine, fluoroscopy of the head and neck, chest, abdomen, pelvis, extremities, gastrointestinal tract, genitourinary, and musculoskeletal system in adults and children. These

privileges include, but are not limited to, doppler vascular imaging, transcranial doppler, arthrograms and joint aspirations, venography of major vessels, mammography and supervision of residents, fellows and other trainees.

- Imaged guided needle, biopsy, ablation, drainage or aspiration
- Adult Moderate Sedation-- Within CSC only

**Elizabeth D. Paddock, MD, Active Staff**

**Department of Family Medicine**

- Family Medicine Adult Core Privileges: Physicians granted these privileges shall be able to care for patients with more complicated medical problems. If a diagnosis cannot be established after reasonable investigation, or if there is a serious threat to a patient's life, consultation shall be obtained. Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide treatment to adult patients with general medical problems. These privileges include, but are not limited to, suturing of uncomplicated lacerations; I&D of abscess; simple skin biopsy or excision; removal of nonpenetrating corneal foreign body; uncomplicated minor closed fractures (not involving traction or major manipulation); uncomplicated dislocations; lumbar punctures; diagnostic endometrial sampling; peripheral intravenous cannulation; peripheral arterial puncture; lumbar puncture; preoperative care of surgical patients; postoperative medical care of surgical patients; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows, and other persons in training.
- Family Medicine Pediatric Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide non-surgical treatment to pediatric patients without major complications or serious life threatening disease. These privileges include, but are not limited to, the care of normal newborn as well as the uncomplicated premature infant equal to or greater than 36 weeks gestation; and supervision of residents, fellows, and other persons in training.
- Circumcision

**Mark E. Paidin, DO, Active Staff**

**Department of Orthopedics and Rehabilitation/Fellow**

- Rehabilitation Medicine Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat patients presenting with acute or chronic neuromuscular disease or disabilities. These privileges include, but are not limited to, anesthetic nerve block; arthrocentesis, electrodiagnosis, injection of neuromuscular block; neurolytic nerve block; soft tissue injection; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows and others in training.
- Adult Moderate Sedation-- Within CSC only

**Shachar Peles, MD, Active Staff**

**Department of Medicine/Hospitalist**

- Internal Medicine/Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat adult patients with medical illnesses. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture, thoracentesis, paracentesis, arterial line insertion, diagnostic or therapeutic joint aspiration/injection, endometrial biopsy, endocervical polyp removal/biopsy, intrauterine device (IUD) insertion, punch biopsy of the skin, percutaneous needle biopsy of a breast mass or skin lesion, soft tissue injection, liquid nitrogen cryosurgery of the skin or other appropriate lesion, and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods and supervision of residents, fellows, and others in training.
- Central venous catheter insertion for access

**Julie A. Ruma, MD, Active Staff**

**Department of Radiology/Fellow**

- Radiology Core Privileges: Performance and interpretation of all radiologic tests and procedures including plain film, ultrasound, CT, MRI, nuclear medicine, fluoroscopy of the head and neck, chest, abdomen, pelvis, extremities, gastrointestinal tract, genitourinary, and musculoskeletal system in adults and children. These privileges include, but are not limited to, doppler vascular imaging, transcranial doppler, arthrograms and joint aspirations, venography of major vessels, mammography and supervision of residents, fellows and other trainees.

- Image guided ablation and/or operative imaging of thoracolumbar or pelvic neoplasms
- Imaged guided needle, biopsy, ablation, drainage or aspiration
- Image guided spinal and/or paraspinal injection, aspiration, biopsy, ablation
- Image guided analysis for surgery, biopsy or treatment planning using any imaging modality
- Adult Moderate Sedation-- Within CSC only

**David F. Schneider, MD, Active Staff**  
**Department of Surgery/General Surgery**

- General Surgery Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat patients presenting with disorders, illnesses or injuries of the alimentary tract, the abdomen and its contents, breast, skin, soft tissue, head and neck, endocrine system and minor extremity surgery. These privileges include, but are not limited to, insertion and management of arterial catheter, insertion and management of chest tubes, insertion and management of central venous catheters, lumbar puncture, pericardiocentesis, tracheostomy, paracentesis, management of trauma, and complete care of critically ill patients with underlying surgical conditions; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows and others in training.
- Laparoscopic surgery
- Upper gastrointestinal endoscopy
- Colonoscopy
- Stereotatic breast biopsy
- Bariatric & other weight loss surgery

**Mohit K. Turagam, MBBS, Active Staff**  
**Department of Medicine/Hospitalist**

- Internal Medicine/Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat adult patients with medical illnesses. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture, thoracentesis, paracentesis, arterial line insertion, diagnostic or therapeutic joint aspiration/injection, endometrial biopsy, endocervical polyp removal/biopsy, intrauterine device (IUD) insertion, punch biopsy of the skin, percutaneous needle biopsy of a breast mass or skin lesion, soft tissue injection, liquid nitrogen cryosurgery of the skin or other appropriate lesion, and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods and supervision of residents, fellows, and others in training.
- Central venous catheter insertion for access

**Catherine C. Zimmerman, MD, Active Staff**  
**Department of Orthopedics and Rehabilitation/Fellow**

- Participating in a non-operative Pediatric orthopedic fellowship. All orthopedic procedures are to be done as part of this fellowship.
- Pediatric Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide care for infants, children and adolescents with complex problems or severe illnesses, including those that are potentially life-threatening. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture; peripheral arterial puncture; peripheral venous puncture; neonatal circumcision; intubation; suprapubic bladder tap in the care of newborn infants greater than 2000 grams; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows and others in training.

**Additional Privileges**

**Edwin J. Abel, MD, Active Staff**  
**Department of Urology**

- Supervision of Physician Assistant with Prescriptive Authority (Theresa Hollnagel and Susette Thompson)

**Ashley G. Anderson, MD, Active Staff**  
**Department of Surgery/Otolaryngology**

- Supervision of Physician Assistant with Prescriptive Authority (Kristen Knox, PA)

**Charles B. Armstrong, MD, Active Staff**  
**Department of Surgery/Otolaryngology**

- Supervision of Physician Assistant with Prescriptive Authority (Kristen Knox, PA)

**Michael E. Becker, MD, Active Staff**  
**Department of Surgery/Otolaryngology**

- Supervision of Physician Assistant with Prescriptive Authority (Kristen Knox, PA)

**Catherine C. Beckman, MD, Active Staff**  
**Department of Surgery/General Surgery**

- Supervision of Physician Assistant w/ Prescriptive Authority (Christina Barlow)

**Nathaniel P. Brooks, MD, Active Staff**  
**Department of Neurological Surgery**

- Supervision of Physician Assistant with Prescriptive Authority (Shelly Schmoller)

**Clifford S. Cho, MD, Active Staff**  
**Department of Surgery/General Surgery**

- Supervision of Physician Assistant with Prescriptive Authority (Christina Barlow)

**William G. Clancy, Jr., MD, Active Staff**  
**Department of Orthopedics and Rehabilitation/Orthopedic Surgery**

- Supervision of Physician Assistant with Prescriptive Authority (Brian Bruno and Jennifer Drake)

**Karen A. Cooper, MD, Active Staff**  
**Department of Surgery/Otolaryngology**

- Supervision of Physician Assistant with Prescriptive Authority (Kristen Knox, PA)

**Tracy M. Downs, MD, Active Staff**  
**Department of Urology**

- Supervision of Physician Assistant with Prescriptive Authority (Theresa Hollnagel and Susette Thompson)

**William W. Finch, MD, Active Staff**  
**Department of Surgery/Otolaryngology**

- Supervision of Physician Assistant with Prescriptive Authority (Kristen Knox, PA)

**David C. Goodspeed, MD, Active Staff**  
**Department of Orthopedics and Rehabilitation/Orthopedic Surgery**

- Supervision of Physician Assistant with Prescriptive Authority (Kimberly Buchta and Robin Hoenisch)

**Judith N. Green, MD, Active Staff**  
**Department of Surgery/Otolaryngology**

- Supervision of Physician Assistant with Prescriptive Authority (Kristen Knox, PA)

**Andrew M. Hendrick, MD, Active Staff**

**Department of Ophthalmology/Fellow**

- Special Competence Medical Retina: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat patients of all ages, presenting with complicated illnesses, injuries, and disorders of the retina. These privileges include, but are not limited to management of macular disease; written interpretation of ICG angiography, OCT, ERG, ultrasound of the globe.

**Dixon B. Kaufman, MD, PhD, Active Staff**

**Department of Surgery/Transplant**

- Supervision of Physician Assistant without Prescriptive Authority (Michael Anderson, PA)

**Maha A. Mohamed, MD, Active Staff**

**Department of Medicine/Nephrology**

- Supervision of Physician Assistant with Prescriptive Authority (Angela Clark, PA; Paula Cynkar, PA; Kristen Rider, PA; Karen Birling, PA; Debra Schrader, PA)

**Heather B. Neuman, MD, Active Staff**

**Department of Surgery/General Surgery**

- Supervision of Physician Assistant with Prescriptive Authority (Christina Barlow)

**Silke V. Niederhaus, MD, Active Staff**

**Department of Surgery/Fellow**

- Supervision of Physician Assistant without Prescriptive Authority (Michael Anderson, PA)

**Ann P. O'Rourke, MD, MPH, Active Staff**

**Department of Surgery/General Surgery**

- Supervision of Physician Assistant with Prescriptive Authority (Jennifer Nale, PA)

**Chandrasekar Santhanakrishnan, MD, Active Staff**

**Department of Surgery/Fellow**

- Supervision of Physician Assistant without Prescriptive Authority (Michael Anderson, PA)

**MaryClare S. Sarff, MD, Active Staff**

**Department of Surgery/General Surgery**

- Supervision of Physician Assistant with Prescriptive Authority (Jennifer Nale, PA)

**Elizabeth A. Sisk, MD, Active Staff**

**Department of Surgery/Otolaryngology**

- Supervision of Physician Assistant with Prescriptive Authority (Kristen Knox, PA)

**Paul A. Staskowski, MD, Active Staff**

**Department of Surgery/Otolaryngology**

- Supervision of Physician Assistant with Prescriptive Authority (Kristen Knox, PA)

**Neena Thomas-Gosain, MD, Active Staff**

**Department of Medicine/Infectious Disease**

- Supervision of Physician Assistant with Prescriptive Authority (Affeldt, Sarah)

**Vijay Vidyasagar, MD, Active Staff**

**Department of Medicine/Nephrology**

- Supervision of Physician Assistant with Prescriptive Authority (Angela Clark, PA; Paula Cynkar, PA; Kristen

Rider, PA; Karen Birling, PA; Debra Schrader, PA)

**Sharon M. Weber, MD, Active Staff**  
**Department of Surgery/General Surgery**

- Supervision of Physician Assistant with Prescriptive Authority (Christina Barlow)

**Lee G. Wilke, MD, Active Staff**  
**Department of Surgery/General Surgery**

- Supervision of Physician Assistant with Prescriptive Authority (Christina Barlow)

**Emily R. Winslow, MD, Active Staff**  
**Department of Surgery/General Surgery**

- Supervision of Physician Assistant with Prescriptive Authority (Christina Barlow)

**Focused Professional Practice Evaluation Review**

The following focused review applications have been endorsed by the UWHC Credentials Committee and are recommended to the Medical Board for approval/action:

Bragg, Taryn M., MD	Neurological Surgery	Active Staff
Brooks, Nathaniel P., MD	Neurological Surgery	Active Staff
Denney, Jeff M., MD	Obstetrics and Gynecology/Fellow	Active Staff
Geller, Robert D., MD	Medicine/Infectious Disease	Courtesy Staff
Gleason, Carey E., PhD	Medicine/Geriatrics	Clinical Psychology
Jhagroo, Roy A., MD	Medicine/Nephrology	Active Staff
Khalil, John-Michael N., MD	Radiology/General	Active Staff
Ladd, Charlotte O., MD	Psychiatry	Active Staff
Miller, Justin W., MD	Orthopedics and Rehabilitation/Fellow	Active Staff
Narotam, Vinay K., MD	Orthopedics and Rehabilitation/Fellow	Active Staff
Plante, David T., MD	Psychiatry/General	Active Staff
Shiffler, Thomas D., MD	Medicine/General Internal Medicine	Active Staff
Strigel, Roberta M., MD	Radiology/General	Active Staff
