

University of Wisconsin Hospitals and Clinics Board of Directors
Review of Medical Staff – November 3, 2010

The Medical Board, upon the recommendation of the Credentials committee, recommends approval of the following new applications, additional privileges, biennial reappointments and status changes for the medical staff. All of the recommended actions have been reviewed in accordance with the Medical Staff Bylaws. The credentials of all new applicants have been verified. All persons listed below meet the standards of the medical staff for the membership and privileges recommended.

Credentials Committee: October 4, 2010
Medical Board: October 14, 2010

Christopher G. Green, M.D., Chair of Medical Board &
President of Medical Staff

New Applications

Ankush Gosain, MD, PhD, Active Staff
Department of Surgery/General Surgery

- General Surgery Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat patients presenting with disorders, illnesses or injuries of the alimentary tract, the abdomen and its contents, breast, skin, soft tissue, head and neck, endocrine system and minor extremity surgery. These privileges include, but are not limited to, insertion and management of arterial catheter, insertion and management of chest tubes, insertion and management of central venous catheters, lumbar puncture, pericardiocentesis, tracheostomy, paracentesis, management of trauma, and complete care of critically ill patients with underlying surgical conditions; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows and others in training.
- Laparoscopic surgery
- Upper gastrointestinal endoscopy
- Colonoscopy
- Stereotatic breast biopsy

Randall J. Kimple, MD, Active Staff
Department of Human Oncology

- Radiation Oncology Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult, and treat patients of all ages, with malignant and benign tumors, as well as other conditions where radiotherapy has a role. These privileges include, but are not limited to, administration of external beam radiation therapy, brachytherapy, naked or tagged radioisotopes (including intralesional, intracavitary, intracystic, intravenous, intra arterial or other routes of administration), radiosensitizers, radioprotectors and other therapeutic drugs required in the routine management of these patients; management and maintenance of indwelling brachytherapy catheters and other devices for delivery of brachytherapy or other forms of radiation; performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows, and other persons in training.
- Adult Moderate Sedation-- Within CSC only

Christopher A. Nestleroad, MD, Active Staff
Department of Medicine/General Internal Medicine

- Internal Medicine/Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat adult patients with medical illnesses. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture, thoracentesis, paracentesis, arterial

line insertion, diagnostic or therapeutic joint aspiration/injection, endometrial biopsy, endocervical polyp removal/biopsy, intrauterine device (IUD) insertion, punch biopsy of the skin, percutaneous needle biopsy of a breast mass or skin lesion, soft tissue injection, liquid nitrogen cryosurgery of the skin or other appropriate lesion, and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods and supervision of residents, fellows, and others in training.

James D. Schumaker, MD, Active Staff
Department of Family Medicine

- Family Medicine Adult Core Privileges: Physicians granted these privileges shall be able to care for patients with more complicated medical problems. If a diagnosis cannot be established after reasonable investigation, or if there is a serious threat to a patient's life, consultation shall be obtained. Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide treatment to adult patients with general medical problems. These privileges include, but are not limited to, suturing of uncomplicated lacerations; I&D of abscess; simple skin biopsy or excision; removal of nonpenetrating corneal foreign body; uncomplicated minor closed fractures (not involving traction or major manipulation); uncomplicated dislocations; lumbar punctures; diagnostic endometrial sampling; peripheral intravenous cannulation; peripheral arterial puncture; lumbar puncture; preoperative care of surgical patients; postoperative medical care of surgical patients; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows, and other persons in training.
- Family Medicine Pediatric Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide non-surgical treatment to pediatric patients without major complications or serious life threatening disease. These privileges include, but are not limited to, the care of normal newborn as well as the uncomplicated premature infant equal to or greater than 36 weeks gestation; and supervision of residents, fellows, and other persons in training.

Shahin Shahnian, MD, Active Staff
Department of Medicine/Fellow

- Internal Medicine/Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat adult patients with medical illnesses. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture, thoracentesis, paracentesis, arterial line insertion, diagnostic or therapeutic joint aspiration/injection, endometrial biopsy, endocervical polyp removal/biopsy, intrauterine device (IUD) insertion, punch biopsy of the skin, percutaneous needle biopsy of a breast mass or skin lesion, soft tissue injection, liquid nitrogen cryosurgery of the skin or other appropriate lesion, and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods and supervision of residents, fellows, and others in training.

Shelley C. Springer, MD, Active Staff
Department of Pediatrics/Neonatology

- Pediatric Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide care for infants, children and adolescents with complex problems or severe illnesses, including those that are potentially life-threatening. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture; peripheral arterial puncture; peripheral venous puncture; neonatal circumcision; intubation; suprapubic bladder tap in the care of newborn infants greater than 2000 grams; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows and others in training.

Neena F. Thomas-Gosain, MD, Active Staff
Department of Medicine/Infectious Disease

- Internal Medicine/Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat adult patients with medical illnesses. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture, thoracentesis, paracentesis, arterial line insertion, diagnostic or therapeutic joint aspiration/injection, endometrial biopsy, endocervical polyp removal/biopsy, intrauterine device (IUD) insertion, punch biopsy of the skin, percutaneous needle biopsy of a

breast mass or skin lesion, soft tissue injection, liquid nitrogen cryosurgery of the skin or other appropriate lesion, and supervision of residents, fellows, and others in training.

- Infectious Diseases Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult, and treat adult patients presenting with infectious or immunologic diseases. These privileges include supervision of residents, fellows, and other persons in training.

Additional Privileges

Charles W. Acher, MD, Active Staff

Department of Surgery/Peripheral-Vascular

Supervision of Physician Assistant with Prescriptive Authority (Heather Leiber, PA)

Janet M. Bellingham, MD, Active Staff

Department of Surgery/Transplant

Supervision of Physician Assistant with Prescriptive Authority (Kristen Rider, PA)

Anthony M. D'Alessandro, MD, Active Staff

Department of Surgery/Transplant

Supervision of Physician Assistant with Prescriptive Authority (Kristen Rider, PA)

Arjang Djamali, MD, Active Staff

Department of Medicine/Nephrology

Supervision of Physician Assistant with Prescriptive Authority (Kristen Rider, PA)

Luis A. Fernandez, MD, Active Staff

Department of Surgery/Transplant

Supervision of Physician Assistant with Prescriptive Authority (Kristen Rider, PA)

David P. Foley, MD, Active Staff

Department of Surgery/Transplant

Supervision of Physician Assistant with Prescriptive Authority (Kristen Rider, PA)

Karn Gupta, MD, Active Staff

Department of Medicine/Nephrology

Adult Moderate Sedation—Within CSC only

Gregory Hartig, MD, Active Staff

Department of Surgery/Otolaryngology

Robotic Surgery

John R. Hoch, MD, Active Staff

Department of Surgery/Peripheral-Vascular

Supervision of Physician Assistant with Prescriptive Authority (Heather Leiber, PA)

Robert J. Hoffman, MD, Active Staff

Department of Medicine/Hospitalist

Supervision of Physician Assistant with Prescriptive Authority (Kristen Rider, PA)

K. Craig Kent, MD, Active Staff

Department of Surgery/General Surgery

Supervision of Physician Assistant with Prescriptive Authority (Heather Leiber, PA)

Michael R. Lucey, MD, Active Staff

Department of Medicine/Gastroenterology & Hepatology

Supervision of Physician Assistant with Prescriptive Authority (Kristen Rider, PA)

Jon S. Matsumura, MD, Active Staff

Department of Surgery/Peripheral-Vascular

Supervision of Physician Assistant with Prescriptive Authority (Heather Leiber, PA)

Timothy McCulloch, MD, Active Staff

Department of Surgery/Otolaryngology

Robotic Surgery

Joshua D. Mezrich, MD, Active Staff

Department of Surgery/Transplant

Supervision of Physician Assistant with Prescriptive Authority (Kristen Rider, PA)

Alexandru I. Musat, MD, Active Staff

Department of Medicine/Gastroenterology & Hepatology

Supervision of Physician Assistant with Prescriptive Authority (Kristen Rider, PA)

Jon S. Odorico, MD, Active Staff

Department of Surgery/Transplant

Supervision of Physician Assistant with Prescriptive Authority (Kristen Rider, PA)

John D. Pirsch, MD, Active Staff

Department of Medicine/Nephrology

Supervision of Physician Assistant with Prescriptive Authority (Kristen Rider, PA)

Michael D. Repplinger, MD, Active Staff

Department of Medicine/Emergency Medicine

Pediatric Moderate Sedation

Adnan Said, MD, Active Staff

Department of Medicine/Gastroenterology & Hepatology

Supervision of Physician Assistant with Prescriptive Authority (Kristen Rider, PA)

Margaret L. Schwarze, MD, Active Staff

Department of Surgery/General Surgery

Supervision of Physician Assistant with Prescriptive Authority (Heather Leiber, PA)

Hans W. Sollinger, MD, Active Staff

Department of Surgery/Transplant

Supervision of Physician Assistant with Prescriptive Authority (Kristen Rider, PA)

Girma Tefera, MD, Active Staff

Department of Surgery/Peripheral-Vascular

Supervision of Physician Assistant with Prescriptive Authority (Heather Leiber, PA)

William D. Turnipseed, MD, Active Staff
Department of Surgery/Peripheral-Vascular

Supervision of Physician Assistant with Prescriptive Authority (Heather Leiber, PA)

Lee G. Wilke, MD, Active Staff
Department of Surgery/General Surgery
Laposcopic Surgery

Dai Yamanouchi, MD, Active Staff
Department of Surgery/General Surgery

Supervision of Physician Assistant with Prescriptive Authority (Heather Leiber, PA)

Focused Professional Practice Evaluation Review

The following focused review applications have been endorsed by the UWHC Credentials Committee and are recommended to the Medical Board for approval/action:

Rahul Bhatia, MD, Pediatrics Critical Care, Active
Tracy M Downs, MD, Urology , Active
Megan E Piper, PhD, Medicine General Internal Medicine, Clinical Psychology
Ira A Segal, MD, Family Medicine , Courtesy
Robert W Waterman, MD, Psychiatry General, Active

Reappointments

The following reappointment application has been endorsed by the UWHC Credentials Committee for a one-year reappointment and is recommended to the Medical Board for approval/action:

Schreibman, Ken L., MD Radiology Active Staff

The following reappointment applications have been endorsed by the UWHC Credentials Committee for two-year reappointments and are recommended to the Medical Board for approval/action:
