

**University of Wisconsin Hospitals and Clinics Board of Directors**  
**Review of Medical Staff - November 2, 2011**

The Medical Board, upon the recommendation of the Credentials committee, recommends approval of the following new applications, additional privileges, biennial reappointments and status changes for the medical staff. All of the recommended actions have been reviewed in accordance with the Medical Staff Bylaws. The credentials of all new applicants have been verified. All persons listed below meet the standards of the medical staff for the membership and privileges recommended.

Credentials Committee: October 3, 2011  
Medical Board: October 13, 2011

  
\_\_\_\_\_  
Lee Faucher, M.D., Chair of Medical Board &  
Secretary/Treasurer of Medical Staff

**New Applications**

**John M. Fallucca, MD, Active Staff**

**Department of Radiology**

- Radiology Core Privileges: Performance and interpretation of all radiologic tests and procedures including plain film, ultrasound, CT, MRI, nuclear medicine, fluoroscopy of the head and neck, chest, abdomen, pelvis, extremities, gastrointestinal tract, genitourinary, and musculoskeletal system in adults and children. These privileges include, but are not limited to, doppler vascular imaging, transcranial doppler, arthrograms and joint aspirations, venography of major vessels, mammography and supervision of residents, fellows and other trainees.
- Imaged guided catheter placement.
- TIPs procedure.
- Transjugular liver biopsy.
- Image guided caval filter.
- Therapeutic percutaneous peripheral vascular interventions including renal, femoral and brachiocephalic.
- Tunneled catheter and port placement.
- Image guided percutaneous biliary dilatation, drainage, ballooning, stenting or biopsy.
- Image guided urological dilatation, drainage, ballooning, stenting or biopsy.
- Image guided embolotherapy.
- Therapeutic embolotherapy.
- Diagnostic percutaneous peripheral vascular interventions of the extracranial carotid.
- Image guided ablation and/or operative imaging of thoracolumbar or pelvic neoplasms.
- Imaged guided needle, biopsy, ablation, drainage or aspiration.
- Image guided spinal and/or paraspinal injection, aspiration, biopsy, ablation.
- Adult Moderate Sedation-- Inside and outside CSC

**Yamil D. Fourzali, MD, Active Staff**

**Department of Radiology/Nuclear Medicine**

- Nuclear Medicine Core Privileges: Consultation, performance, and interpretation of all routine and non-routine nuclear medicine (CPT series 78000) procedures to make diagnostic evaluations, by both in vivo and in vitro techniques, of the anatomic and/or physiologic conditions of the body. These privileges include supervision of residents, fellows and others in training.

**Irene M. Hamrick, MD, Active Staff**

**Department of Family Medicine**

- Family Medicine Adult Core Privileges: Physicians granted these privileges shall be able to care for patients with more complicated medical problems. If a diagnosis cannot be established after reasonable investigation, or if there is a serious threat to a patient's life, consultation shall be obtained. Privileges to admit, evaluate including

performance of H&P, diagnose, consult and provide treatment to adult patients with general medical problems. These privileges include, but are not limited to, suturing of uncomplicated lacerations; I&D of abscess; simple skin biopsy or excision; removal of nonpenetrating corneal foreign body; uncomplicated minor closed fractures (not involving traction or major manipulation); uncomplicated dislocations; lumbar punctures; diagnostic endometrial sampling; peripheral intravenous cannulation; peripheral arterial puncture; lumbar puncture; preoperative care of surgical patients; postoperative medical care of surgical patients; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows, and other persons in training.

- Family Medicine Pediatric Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult and provide non-surgical treatment to pediatric patients without major complications or serious life threatening disease. These privileges include, but are not limited to, the care of normal newborn as well as the uncomplicated premature infant equal to or greater than 36 weeks gestation; and supervision of residents, fellows, and other persons in training.

### **Timmons H. Hamrick, III, MD, Active Staff**

#### **Department of Psychiatry/Child**

- Adult Psychiatry Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult and treat patients, above the age of 15, who suffer from mental, behavioral, or emotional disorders. These privileges also include care of patients via telemedicine. These privileges include supervision of residents, fellows and others in training.
- Child Psychiatry Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult and treat children and adolescents who suffer from mental, behavioral, or emotional disorders. These privileges also include care of patients via telemedicine. These privileges include supervision of residents, fellows and others in training.

### **Heather C. Huang, MD, Active Staff**

#### **Department of Psychiatry**

- Internal Medicine/Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and treat adult patients with medical illnesses. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture, thoracentesis, paracentesis, arterial line insertion, diagnostic or therapeutic joint aspiration/injection, endometrial biopsy, endocervical polyp removal/biopsy, intrauterine device (IUD) insertion, punch biopsy of the skin, percutaneous needle biopsy of a breast mass or skin lesion, soft tissue injection, liquid nitrogen cryosurgery of the skin or other appropriate lesion, and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods and supervision of residents, fellows, and others in training.
- Adult Psychiatry Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult and treat patients, above the age of 15, who suffer from mental, behavioral, or emotional disorders. These privileges also include care of patients via telemedicine. These privileges include supervision of residents, fellows and others in training.
- Child Psychiatry Core Privileges: Privileges to evaluate including performance of H&P, diagnose, consult and treat children and adolescents who suffer from mental, behavioral, or emotional disorders. These privileges also include care of patients via telemedicine. These privileges include supervision of residents, fellows and others in training.

### **Granville L. Lloyd, MD, Active Staff**

#### **Department of Urology**

- Urology Core Privileges: Privileges to admit, evaluate including performance of H&P, diagnose, consult, and surgically treat patients presenting with illnesses or injuries of the genitourinary system; and performing waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods; and supervision of residents, fellows and others in training.
- Use of surgical laser
- Laparoscopic urologic procedures
- Robotics

### **Olatokunbo O. Shobande, MD, Active Staff**

#### **Department of Medicine/General Internal Medicine**

- Internal Medicine/Major Care Core Privileges: Privileges to admit, evaluate including performance of H&P,

diagnose, consult, and treat adult patients with medical illnesses. These privileges also include care of patients via telemedicine. These privileges include, but are not limited to, lumbar puncture, thoracentesis, paracentesis, arterial line insertion, diagnostic or therapeutic joint aspiration/injection, endometrial biopsy, endocervical polyp removal/biopsy, intrauterine device (IUD) insertion, punch biopsy of the skin, percutaneous needle biopsy of a breast mass or skin lesion, soft tissue injection, liquid nitrogen cryosurgery of the skin or other appropriate lesion, and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods and supervision of residents, fellows, and others in training.

- Central venous catheter insertion for access

**Karin L. Zuegge, MD, Active Staff**  
**Department of Anesthesiology**

- Anesthesiology Core Privileges: Privileges to evaluate including performance of H&P, consult and administer anesthesia to patients for relief and prevention of pain during and following surgical, therapeutic and diagnostic procedures, including the monitoring and maintenance of normal physiology during the perioperative period and perform waived laboratory testing not requiring an instrument; including but not limited to fecal occult blood, urine dipstick, and vaginal PH by paper methods. These privileges include supervision of residents, fellows, and other persons in training.

**Additional Privileges**

**Ahmed N. Al-Niaini, MD**

**Department of Obstetrics and Gynecology/Gynecological Oncology**

Requesting: Supervision of Physician Assistant w/ prescriptive authority (Joanne Rash & Lori Seaborne)

**Arjang Djamali, MD**

**Department of Medicine/Nephrology**

- Supervision of Physician Assistant w/ prescriptive authority (Lindsay Morris, PA)

**Robert J. Hoffman, MD**

**Department of Medicine/Hospitalist**

- Intermediate Care Core Privileges

**Beverly A. Kienitz, MD**

**Department of Radiology**

- Endovascular intracranial interventions

**Uchenna O. Njiaju, MD**

**Department of Medicine/Hematology/Oncology**

- Supervision of Physician Assistant w/ prescriptive authority (Joanne Rash & Lori Seaborne)

**Ann P. O'Rourke, MD**

**Department of Surgery/General Surgery**

- Adult Moderate Sedation--Within CSC

**Gerald T. Pankratz, MD**

**Department of Medicine/Geriatrics**

- Geriatric core privileges

**David A. Sonetti, MD**

**Department of Medicine/Allergy, Pulmonary & Critical Care**

- Laser use
- stent placement
- pleural biopsy
- percutaneous tracheostomy

### Emergency Medicine Physicians Addition of Adult Deep Sedation

- Abernethy, Michael K., MD
- Bellazzini, Marc A., MD
- Cline, Joseph R., MD
- Gerdes, Dale A., MD
- Hamedani, Azita, MD
- Huang, Jennifer V., DO
- Keilhauer, Franz A., MD
- Lindsay, M. Bruce, MD
- Meyer, Thomas D., MD
- Mottram, Allan R., MD
- Rebella, Gregory S., MD
- Ross, Joshua C., MD
- Stern, Karice B., MD
- Tumpach, Elizabeth A., MD
- Tupesis, Janis P., MD
- Walters, Michael C., MD
- Wilson, Shawn P., MD
- Wubben, Ryan J., MD
- Zuver, Christian C., MD

### Focused Professional Practice Evaluation Review

The following focused review applications have been endorsed by the UWHC Credentials Committee and are recommended to the Medical Board for approval/action:

- Datta, Gaurav, MD      Medicine/Hospitalist
- Lee, Jonas J., MD      Family Medicine
- Wilson, Brett A., DO      Family Medicine

### Reappointments

The following reappointment applications have been endorsed by the UWHC Credentials Committee for two-year reappointments and are recommended to the Medical Board for approval/action:

Agni, Rashmi M., MD	Pathology and Lab. Medicine	Active Staff
Ahearn, Eileen P., MD	Psychiatry	Active Staff
Albert, Daniel M., MD	Ophthalmology	Active Staff
Allen, David B., MD	Pediatrics/Endocrinology	Active Staff
Allen, Gail S., MD	Pediatrics/General	Active Staff
Alsum, Pamela B., MD	Medicine/General Internal Medicine	Courtesy Staff
Anderson, Paul A., MD	Orthopedics and Rehabilitation/Orthopedic Surgery	Active Staff
Andes, David R., MD	Medicine/Infectious Disease	Active Staff

### Professional Privileges

#### New Applicants

Georgia Ditzenberger, NNP – Pediatrics/Neonatology --with prescriptive authority  
Katherine Hirsch, NNP -- Pediatrics/Neonatology --with prescriptive authority  
Carolyn Terry, NNP - Pediatrics/Neonatology --with prescriptive authority  
Kimberly Tritz, NPP -- Pediatrics/Neonatology --with prescriptive authority  
Dawn Konop-Sage, CRNA – Anesthesiology --without prescriptive authority

#### Additional Privileges

Lynne Sears, NP - Pediatric: PICC insertion.  
Sarah Holum, NP – Medicine/General Internal: skin tag/wart removal  
Tricia O’Neal, NP -- Medicine/General Internal: cryotherapy and curette of nonmelanomaskin lesions, paring of callouses and corns, and skin tag/wart removal  
Kate Amond, NP -- Surgery/CT Surgery: pacemaker wire (epicardial) removal  
Theresa Dachel, NP - Medicine/General Internal: skin tag/wart removal
