## In Honor of Tom Maher

This 5K run/walk is in honor of my dad's battle with Prostate Cancer. Throughout his ordeal with cancer, he displayed a positive attitude and ambition to beat it. Tom was diagnosed with Prostate Cancer in January 2010. After his diagnosis, Tom endured 45 radiation treatments over a three month period. After finishing these radiation treatments, his PSA count was found to be in the normal range. He continues to have PSA tests every six months for the next two years to be considered cancer free. To honor his resiliency and exemplify how much I love and respect his courage while battling this horrible disease, the Maher's Halfway Leprechaun Leap was established. The proceeds of this event will be donated to the UW Carbone Cancer Center for Prostate Cancer research, in hopes of finding a cure!!
