The primary focus of the residency is to become a competent infectious diseases clinician.

Activities while on the rotation will include (but are not limited to):
• Round with the patient care team daily (Infectious Diseases consults or primary service for rotation)  
• Solve medication-related problems for all patients on antimicrobial therapy  
• Serve as drug information resource for all team members  
• Engage in team-related projects  
• Communicate and interact with pharmacists, attending physicians, resident physicians, infectious diseases fellows, microbiologists, nurses, advanced practice providers, social work, etc.  
• Precept students and PGY1 residents

PROJECTS:
• Major research project suitable for publication  
  • Present at the Great Lakes Pharmacy Resident Conference. Residents may also present at the Pharmacy Society of Wisconsin (PSW) Educational Conference or the PSW Annual Meeting.  
  • Resident may also present at:  
    ▪ Infectious Disease Society of America Annual Meeting
- Vizient (formerly University HealthSystem Consortium) Annual Meeting
- American College of Clinical Pharmacy Annual Meeting
- ASM Microbe Annual Meeting
- Other clinical meeting of resident choice (manager approval required)
- Rotation-related projects as assigned by rotation preceptors

**PRESENTATION OPPORTUNITIES:**
- Pharmacy grand rounds
- Pharmacy and nursing in-services
- ID fellows conference
- Trauma conference (trauma surgeons and residents)
- Leadership of journal club discussions
- Resident Report for co-residents (all residents meet once weekly, PGY2 will present 1 time/year)

**TEACHING OPPORTUNITIES:**
- Clinical instructor status at the University of Wisconsin School of Pharmacy
- Co-Preceptorship of 4th year students on elective clinical rotation at the hospital
- Assist precepting PGY1 residents on ID elective rotation
- Didactic lecturing at School of Pharmacy (Infectious Diseases therapy module, Critical Care elective course)
- Teaching certificate program available for all residents at Madison-area hospitals

**OTHER ACTIVITIES:**
- Assist in the development of institutional guidelines and protocols
- Serve as a member of institution committees related to infectious diseases
- Attend Infectious Disease grand rounds, fellows conference, and journal clubs
- Advanced Cardiac Life Support training and institutional Blue Cart training
- Pediatric Advanced Life Support training
- Opportunity to interact with 25+ co-residents daily

**TRAVEL:**
- Support travel to national clinical pharmacy meeting of residents choice (residents encouraged to attend Midyear)
- Great Lakes Pharmacy Residency Conference
- Support to attend other meetings in the state of Wisconsin
