

Honoring some of OUR BEST in health care

University of Wisconsin Medical Foundation presents the Shining STAR award to employees who exemplify our mission, vision and values. We are proud to recognize these employees for continually going above and beyond in providing excellent service to the patients of UW Health.

Laura Buyan Dent, MD, Neurology

Dr. Buyan Dent is an exceptional physician that cares for a patient population with complex health concerns. She is consistently trying to improve inpatient and outpatient patient satisfaction, and ensures her skills at patient and family communication and care are transferred to the residents that train under her. She is truly an example of effective and compassionate care!

Angie Haag, Registrar Team Lead, Patient Business Services

Angie exemplifies a dedication to providing a high level of customer service and implementing process improvements. She was instrumental in taking years of documentation and workflows and creating a user-friendly intranet site to be used across the department. Angie is a great role model to the team, and the service that she provides is exceptional!

Joan O'Connor, RN, Family Medicine

The can-do, yet caring approach exhibited by Joan is highly valued by patients and co-workers, and she is viewed by many as the heart of the clinic. Joan plays a key role in the success of program implementations and process improvements. Joan is simply amazing, and is a well respected leader for the patient care staff!

Amy Walker, OD, Ophthalmology

Dr. Walker is an excellent teacher and motivator. Through Dr. Walker's skills and unfailing attitude, the department has continued to grow in services offered. She has tirelessly navigated the process of taking a good idea and making a true change, with enthusiasm, incredible dedication to teamwork and constructive problem-solving.
