

PGY2 Ambulatory Care Pharmacy Residency

Internet site: www.uwhealth.org

Number of Positions: 1
 Application Deadline: **January 2, 2018**
 Starting Date: June/July

Stipend/Benefits: \$47,500; 10 days paid time off / 5 legal holidays. As employees of UW Health, residents receive full health insurance benefits (including dental and vision) and full access to the University of Wisconsin's recreational, educational, and cultural facilities. Residents receive travel funds and registration for professional meetings and selected certificate programs.

Interview Required: Yes
 Experience Required: Completion of PGY1 residency

Rotations

The ambulatory care specialty resident will complete a combination of required and elective rotations to ensure that the resident is exposed to a variety of experiences, patient populations and interdisciplinary teams. The final rotation schedule will be tailored to the resident's needs and interests. Because of the ambulatory care model, rotations may be comprehensive or longitudinal in nature.

- STRENGTHS:**
- UW Health is a world class center of medical excellence
 - Training focused on the care of patients within primary care clinics, specialty care areas and transitional sites of care
 - Flexibility in tailoring the program to resident needs and interests
 - Several ambulatory clinics with pharmacist involvement facilitating resident rotation options
 - Extensive involvement with School of Pharmacy in didactic teaching and preceptorship of students
 - Nationally recognized leader in technology and patient safety
 - Academic medical center resources

Clinical Rotations and Designed Experiences	
<p>Required:</p> <ul style="list-style-type: none"> • Primary Care Clinic • Neurology Clinic • Kidney Clinic/Dialysis • Specialty Medication Management (clinical) • Digestive Health Center/IBD Clinic • Access Community Health Center • Regulatory Leadership • Infusion Center • Academic Longitudinal Research Experience • Teaching/Precepting 	<p>Elective:</p> <ul style="list-style-type: none"> • Transplant Clinic • HIV/ID Clinic • Oncology Clinic • Adult Pulmonary Clinic • Medication Safety • Anticoagulation Clinic (required if resident did not complete anticoagulation experience in PGY1 year) • Inpatient General Medicine (required if resident did not complete inpatient training in PGY1 year) • Drug Policy Program • Information Technology • Pharmacy Benefit Management (Quartz) • Specialty Pharmacy Management (administrative) • Oncology Regional Management • Transitions of Care Leadership

The primary focus of the residency is to become a successful clinical ambulatory care pharmacist capable of leading and managing ambulatory care services within a health care system.

PROJECTS

- Team-related projects while on clinical rotation
- A longitudinal research project which should be publishable upon completion

PRESENTATION OPPORTUNITIES

- Educational presentations and in-services on clinical rotations
- Group presentations with other UW pharmacy practice/administrative residents
- ACPE-accredited pharmacy grand rounds
- Leadership of journal club presentations
- Major projects will be presented at the ASHP Midyear Clinical Meeting and Great Lakes Pharmacy Resident Conference. Residents may also present at the Pharmacy Society of Wisconsin Educational Conference or applicable interprofessional meetings.

TEACHING OPPORTUNITIES

- Clinical instructor status at the University of Wisconsin-Madison School of Pharmacy
- Assist in precepting of fourth-year students and pharmacy practice residents on clinical rotations at the health-system
- Didactic lecturing at the School of Pharmacy
- Optional Teaching Certificate Program for residents at area hospitals

OTHER ACTIVITIES

- Participation in weekly resident lunch sessions – meetings with residency directors, director of pharmacy, speakers discussing clinical and administrative topics
- Participation in weekly Resident Report (presenter and facilitator)
- Assist in the development of guidelines and protocols
- Attend and facilitate applicable grand rounds and journal clubs
- Participation on a clinically-focused (patient care) committee(s)
- Advanced Cardiac Life Support training
- Opportunities to interact with residents in PGY2 - critical care, emergency medicine, infectious disease, information technology, oncology, pediatrics, and transplant; PGY1 – pharmacy practice, and PGY1 and PGY2 - hospital pharmacy administration

TRAVEL

- Support to attend one national peer meeting (ASHP Midyear Clinical Meeting, ACCP, APhA Annual Meeting)
- Support to attend Great Lakes Pharmacy residents conference

UW HEALTH INFO

- The department manages 15 retail pharmacies, a home care company, a long-term care consulting service, full PBM managed care services, and a specialty mail service pharmacy
- More information about the UW Health system can be found at www.uwhealth.org
