Instructions to Participants

For each of the following, please indicate your level of confidence in doing the activity without losing your balance or becoming unsteady by choosing one of the percentage points on the scale from 0% to 100%. If you do not currently do the activity in question, try and imagine how confident you would be if you had to the activity. If you normally use a walking aid to do the activity or hold onto someone, rate your confidence as if you were using these supports. If you have any questions about answering any of these items, please ask the Therapist.

For each of the following activities, please indicate your level of self confidence by choosing a corresponding number from the following rating scale:

```
0%    10    20    30    40    50    60    70    80    90    100%
no confidence completely confident
```

"How confident are you that you will not lose your balance or become unsteady when you..."

1. ...walk around the house? ____%
