What does Nutrition mean? **Good nutrition** is the key to **good** mental and physical health. Eating a balanced diet is an important part of good health for everyone. The kind and amount of food you eat affects the way you feel and how your body works. Nutrients are ingredients in food that help you. There are many groups and agencies in Dane County that can help you with your food and nutrition needs.

**You or your loved one may benefit from Nutrition Services if:**

1. You are not feeling well and have not been able to eat meals or healthy snacks
2. You are no longer able to shop or get food from the grocery store
3. You can no longer make your own meals
4. You are feeling lonely and would enjoy eating meals with other people and friends

**Helpful tips for Nutrition**

- Remove food from your home that are not part of your nutrition plan (foods with high salt, sugar and fat).
- Eat more vegetables, fruits, whole grains, and dairy foods for the most amount of nutrients.
- Eat foods low in salt, preservatives and added sugars.
- Drink several glasses of water each day.

**Types of Nutrition Services:**

- **Home Delivered Meals (Meals on Wheels):** This program provides home-delivered meals. Meals-on-Wheels works in almost every community in America to address senior hunger and isolation. In addition to a meal, volunteers provide a friendly smile and a safety check.

- **Home Delivered Meals (Other):** There are many companies that offer home meal delivery. Check online or call 2-1-1 for more information.

- **Congregate Meals/Community Dining Centers:** There are around 515 senior dining center locations in Wisconsin. People age 60 and older can enjoy a hot, nutritious meal in a friendly location.

- **Chefs for Seniors:** A meal service that provides fresh, nutritious meals cooked in your home by a professional chef.

- **Food Pantries / Food Banks:** A place where many types of food and food items that won’t spoil are given free of charge to people in need.

- **Senior Farmers Market Nutrition Program:** Offers low-income, older people a way to purchase fresh, locally grown fruits, vegetables, and herbs from farmers.

- **Grocery Store Home Delivery:** Grocery stores will do the shopping for you and deliver to your home. Minimum purchase and delivery fees apply.

- **Restaurant Delivery Services:** Will pick up food from the restaurants and deliver to your home. Charges may apply.

- **Home Care Agencies:** Have employees that can be hired to come into your home and help with any area of food preparation. Charges will apply.

**Funding for Nutrition Services:**

- Many home delivered meals and congregate meals have funding assistance available for those who qualify. In many cases, participants age 60 and over are asked to donate what they can afford. Please contact individual agencies for details.

Poor nutrition is the biggest threat to an older person’s independence... and sadly, is entirely avoidable.

For this and many other reasons, we are highlighting two major nutrition programs available for senior adults in Dane County. The meals provide 1/3 of the RDA (recommended daily allowance) and DRI (dietary reference intake) for senior adults. These meals provide protein, vegetable, fruit, bread, and milk, and follow the dietary guidelines for older Americans. The menus are approved by a Registered Dietetic Technician.

Eat in or Out!

Inside this brochure lists locations that senior adults age 60+ can visit to have a well balanced meal on a donation basis. The benefits of this program include:

- Hot, balanced & nutritious meal
- Wide variety of food items
- Supportive services
- Others to share the meal
- Activities before/after the meal
- Transportation round trip
- Increased flexibility/movement

Home-delivered meals are also available for eligible senior adults throughout Dane County on a donation basis. The meals are delivered by a volunteer who also provides a safety check on home-bound seniors.

An apple a day isn’t enough nutrition to keep a senior adult healthy.
